1.4.3 NON-ARM'S LENGTH TRANSACTIONS

Non-arm's length transactions are purchase transactions in which there is a relationship or business affiliation between the seller and the buyer of the property. Examples of non-arm's length transactions include family sales, property in an estate, employer/employee sales, and flip transactions.

When the property seller is a corporation, partnership, or any other business entity, it must be ensured that the borrower is not an owner of the business entity selling the property.

A non-arm's length transaction is not intended to bail out a family member who has had difficulties making their mortgage payment. A thorough review of the title report in these cases is required, as well as the payment history pattern (verification of the Seller's mortgage [VOM]).

****Non-Arm's length transactions are not eligible on all business purpose programs****

A borrower participating in the transaction (i.e., borrower acting as their own agent) may contribute funds (i.e., commission) and are exempt from the interested party contribution limits as they are construed as “borrower’s own funds”.

Interested party contributions may only be used for closing costs and prepaid expenses (Financing Concessions) and may never be applied to any portion of the down payment or contributed to the borrower’s financial reserve requirements. If an Interested Party Contribution is present, both the appraised value and sales price must be reduced by the concession amount that exceeds the limits referenced above.

1.5 CREDIT

1.5.1 CREDIT REPORTS

A credit report is required for each individual borrower, including any member of an entity providing a personal guaranty. The credit report should provide merged credit data from the three major credit repositories: Experian, TransUnion, and Equifax. Either a three-bureau merged report, or a Residential Mortgage Credit Report is required.

The credit report used to evaluate a loan may not reflect a security freeze. If the borrower(s) unfreeze credit after the date of the original credit report, a new tri-merged report must be obtained to reflect current and updated information from all repositories.

1.5.2 UNDISCLOSED DEBT

A gap credit report or Undisclosed Debt Monitoring (UDM) report is required no more than 30- days prior to loan closing or any time after closing.

- Any new tradeline with a balance must be included in determining the DTI ratio.
- Business purpose DSCR transactions are excluded from this requirement.

1.5.3 FRAUD REPORT AND OFAC SEARCH

1.5.3.1 FRAUD REPORT

Data integrity is crucial to quality loan file delivery and mitigation of fraud risk. All parties involved in the transaction must be included in the fraud report performed by an automated fraud and data check vendor solution.

REQUIREMENTS:

- Transaction participants must be included in the fraud report as follows: Borrowers/Guarantors, Property Sellers, Settlement Agents
- Only member(s)/manager(s) of an entity providing a guaranty are required to be included in the fraud report
- An industry recognized fraud and data vendor must be used (i.e., Fraud Guard, CoreLogic, DataVerify, TransUnion TLOxp, LexisNexis: SmartLinx, Instant ID, or other industry recognized fraud and data vendor)
- A copy of the findings report from the vendor must be provided in the loan file with all “high” alerts, or “red flags” addressed and/or cleared by the underwriter.
- Underwriters may clear “high” alerts or “red flags” directly through the vendor solution or with a signed attestation. The attestation must address each “high” alert, or “red flag” noted in the fraud report.
- Fraud Reports for loans secured by multiple properties (TheBlanket) do not need to reference every property, all other requirements apply.

1.5.3.2 OFAC SEARCH

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

The Office of Foreign Assets Control (OFAC) of the US Department of Treasury administers and enforces economic and trade sanctions based on US foreign policy and national security goals against individuals and foreign countries. A clear OFAC search for individuals and foreign countries is required.

1.5.3.2.1 INDIVIDUALS

Individuals identified on OFAC's SDN list are not eligible. All individuals involved in the transaction must be screened through exclusionary lists and must be cleared through OFAC's SDN list, regardless of citizenship status.

REQUIREMENTS:

- A search of Specially Designated Nationals & Blocked Persons list must be completed via the US Department of Treasury: <http://sanctionssearch.ofac.treas.gov>.
- Individuals to be included in the OFAC search: Borrowers/Guarantors, Property Sellers, Settlement Agents.

REQUIREMENTS:

- Borrowers/Guarantors who are Foreign Nationals must be screened against the OFAC sanctioned countries list. Search to be completed via the US Department of Treasury Office of Foreign Asset Control: <http://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx>.
 - Not applicable for Non-Permanent Resident Aliens and Permanent Resident Aliens.
- If the borrower is an entity, member(s)/manager(s) who are not Guarantors do not have to be screened against the OFAC sanctioned country list.

1.5.4 CREDIT INQUIRIES

Credit inquiries listed on the report within 90 days of the report date must be addressed by the borrower with a letter of explanation. If no credit was extended, borrower must state the purpose of the inquiry. If new credit was extended, borrowers must provide documentation on the current balance and payment. New payment terms are to be included in the DTI ratio.

- DSCR is excluded from addressing credit inquiries.

1.5.5 HOUSING HISTORY

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

- Borrower(s) who sold a primary residence within the past six (6) months, currently residing rent-free, and purchasing a new primary residence are allowed. 12-month mortgage history is required on previous primary residence.
- Less than 12-month history or residing rent-free allowed with the following restrictions:
 - DTI may not exceed 45%.
 - LTV may not exceed 80%.
 - Any available portion of a 12-month housing history must be paid as agreed.
- Borrowers who are currently renting a residence, a most recent 12-month rental history is required reflecting paid as agreed.
- If income is being used from a non-subject REO, a housing history is required.
 - Applies to properties vested to an individual or entity.
 - Mortgage liability must be factored into the net rental income used for qualification.
- theNONI transactions have separate housing history requirements, see [Section 1.8.2.3 - Housing History DSCR](#).
- A Notice of Default is treated as a 1x90x12

1.5.5.1 MORTGAGE VERIFICATION

1.5.5.1.1 MORTGAGE(S) REPORTING ON CREDIT REPORT

The Underwriter must review the credit report to determine the payment status of all reported mortgage accounts for the previous 12-months. Rolling late payments are not considered a single event. Each occurrence of a contractual delinquency is considered individually for loan eligibility.

If a complete 12-month mortgage history is not reported on the credit report, the broker must use one of the following to complete the borrower’s payment history:

- Credit supplement; or
- Request for Verification of Mortgage Form completed by the creditor; or
- Loan payment history from the servicer; or
- Borrower’s proof of payment (e.g., cancelled check, ACH payment, bank transfer, etc.)

For theNONI transactions, any mortgage appearing on the credit report will be included in the housing history eligibility.

1.5.5.1.2 MORTGAGE(S) NOT REPORTING ON CREDIT REPORT (07/15/2024)

The Underwriter must review the credit report to determine the payment status of all reported mortgage accounts for the previous 12-months.

If a complete 12-month mortgage history is not reported on the credit report, the underwriter must use one of the following to complete the borrower’s payment history:

- Credit supplement; or
- Verification of Mortgage form (VOM) completed by the creditor/servicer; or
- Loan payment history from the creditor/servicer; or
- Borrower’s proof of payment (e.g., cancelled check, ACH payment, bank transfer, etc.)

For theNONI transactions, any mortgage appearing on the credit report will be included in the housing history eligibility.

1.5.5.2 BALLOON NOTES WITH MATURITY DEFAULT

- Notes with a balloon feature with an expired maturity date exceeding 30 days require an extension to avoid being counted as delinquent (e.g., delinquent 31 days is 1x30 late, delinquent 61 days is 1x60 late, etc).

1.5.5.3 RENTAL VERIFICATION

- If an applicant rents from a professional management company or a private party, a fully completed and signed VOR may be utilized.
- The borrower may provide the most recent 12 months' consecutive cancelled checks (front and back) along with a copy of the lease as an alternative to the VOR.

1.5.5.4 DEPARTURE RESIDENCE

- If the borrower's current principal residence is pending sale but the transaction will not close prior to the subject transaction, the current PITIA and proposed PITIA must be used in qualifying the borrower. The current PITIA may be excluded provided the credit file is documented with the following:
 - The executed sales contract for the current residence, and
 - Confirmation that any financing contingencies have been cleared.
- If the borrower plans to convert their departure residence to a rental property, the current PITIA and proposed PITIA must be used in qualifying the borrower. The current PITIA may be offset using 75% of the lower of actual or market rent. The rental income must be documented with all the following:
 - Market Rent Analysis, Single Family Comparable Rent Schedule (FNMA Form 1007).
 - Copy of a current lease.
 - Evidence of proof of receipt of damage deposit and first month's rent.

1.5.6 CONSUMER CREDIT

Consumer credit tradeline performance is not a consideration on theNONI product.

1.5.6.1 INSTALLMENT DEBT

Installment debt is a monthly obligation with fixed payments and terms. Payments on installments must be included in the borrower's debt-to-income (DTI) ratio.

Payments can be excluded if there are 10 or fewer monthly payments remaining to pay the debt in full. If the payment is substantial and exceeds 5% of the borrower's qualifying income, the overall transaction should be reviewed to ensure the remaining payments will not impact the borrower's ability to handle the new mortgage payment.

Installment debt paid in full or prior to closing can be excluded from the debt-to-income ratio. Supporting documentation, such as a credit supplement or direct verification from the creditor, must be obtained as evidence the debt has been paid in full.

1.5.6.2 LEASE PAYMENTS

Lease payments must be considered as recurring monthly debt obligations and included in DTI ratio calculation. This is regardless of the number of months remaining on the lease. This is because the expiration of a lease agreement for rental

housing or an automobile typically leads to either a new lease agreement, the buyout of the existing lease, or the purchase of a new vehicle or house.

1.5.6.3 STUDENT LOANS

- If a monthly student loan payment is provided on the credit report, the underwriter may use that amount for qualifying purposes.
- If the credit report does not reflect the correct monthly payment, the underwriter may use the monthly payment that is on the student loan documentation (the most recent student loan statement) to qualify the borrower.
- If the credit report does not provide a monthly payment for the student loan, or if the credit report shows \$0 as the monthly payment, the underwriter must determine the qualifying monthly payment. For deferred loans or loans in forbearance, the underwriter may calculate:
 - a payment equal to 1% of the outstanding balance (even if this amount is lower than the actual fully amortizing payment), or
 - a fully amortizing payment using the documented loan repayment terms.

1.5.6.4 DEFERRED INSTALLMENT DEBT

Deferred installment debts must be included as part of the borrower's recurring monthly debt obligations. For deferred installment debts other than student loans, if the borrower's credit report does not indicate the monthly amount that will be payable at the end of the deferment period, the underwriter must obtain copies of the borrower's payment letters or forbearance agreements so that a monthly payment amount can be determined and used in calculating the borrower's total monthly obligations.

1.5.6.5 REVOLVING DEBT

Revolving debt is open-ended debt in which the principal balance may vary from month to month. The minimum required payment, as stated on the credit report or current account statement, should be used to calculate the debt-to-income ratio. If no payment is stated on the credit report, the greater of \$10 or 5% of the current balance should be included in the DTI ratio calculation. Revolving accounts can be paid off prior to or at closing in order to exclude the payment from the debt ratio. Supporting documentation, such as a credit supplement or direct verification from the creditor, must be obtained as evidence the debt has been paid in full.

Equity lines of credit secured by real estate should be included in the housing expense. If the credit report does not show a minimum payment amount, the underwriter must use 5% of the outstanding balance to be included in the DTI ratio calculation.

Any non-mortgage account can be no more than 30 days delinquent at time of application, except for DSCR transactions. Any delinquent account must either be brought current or paid off at closing, except for DSCR transactions.

1.5.6.6 AUTHORIZED USER ACCOUNTS

Authorized user accounts can be excluded from the debt-to-income ratio.

1.5.6.7 OPEN 30-DAY CHARGE ACCOUNTS

For open 30-day charge accounts that do not reflect a monthly payment on the credit report, or 30-day accounts that reflect a monthly payment that is identical to the account balance, underwriters must verify borrower funds to cover the account balance. The verified funds must be in addition to any funds required for closing costs and reserves.

1.5.6.8 SOLAR PANELS

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

Installment debt from financed or leased payments associated with solar panels are to be included in the debt-to-income ratio. See [Section 1.12 – Solar Panels](#) for additional criteria.

1.5.6.9 TIMESHARES

Timeshare obligations will be treated as a consumer installment loan.

1.5.6.10 BUSINESS DEBT

A business debt is a financial obligation of a business but may also be the responsibility of the business owner, making that person also liable for the debt. If the debt is reflected on the borrower's personal credit report, the borrower is personally liable for the debt, and it must be included in the debt-to-income ratio. When a self-employed borrower claims that a monthly obligation that appears on his or her personal credit report (such as a Small Business Administration loan) is being paid by the borrower's business, the underwriter must confirm that it verified that the obligation was actually paid out of company funds to exclude the debt.

Any of the following supporting documentation can be included in the credit file to exclude business debt:

- Most recent six (6) months of cancelled checks drawn against the business account
- Tax returns reflecting the business expense deduction
- Business bank account statement showing assets remaining after funds to close and reserve requirements are deducted, with a balance greater than or equal to the balance of the debt.

If the debt is less than six (6) months old, the payment must be included in the DTI ratio.

1.5.6.11 CONTINGENT LIABILITY ON COSIGNED OBLIGATIONS

Contingent liability applies, and the debt must be included in the underwriting analysis, if an individual applying for a mortgage is a cosigner/co-obligor on:

- Car loan
- Student loan
- Mortgage
- Any other obligation

If the underwriter obtains proof that the borrower is not the party who is repaying the debt, the underwriter may exclude the debt. In order to exclude debts from the borrower's DTI ratio, the underwriter must obtain the most recent 12-months canceled checks (or bank statements) from the other party making the payments that document a 12-month payment history with no delinquent payments.

1.5.6.12 COURT-ORDERED ASSIGNMENT OF DEBT

When a borrower has outstanding debt what was assigned to another party by court order (such as under a divorce decree or separation agreement) and the creditor does not release the borrower from liability, the borrower has a contingent liability. The underwriter is not required to count this contingent liability as part of the borrower's recurring monthly debt obligations.

The underwriter is not required to evaluate the payment history for the assigned debt after the effective date of the assignment. The underwriter cannot disregard the borrower's payment history for the debt before its assignment.

1.5.6.13 LOANS SECURED BY FINANCIAL ASSETS

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

When a borrower uses his or her financial assets—life insurance policies, 401(k) accounts, individual retirement accounts, certificates of deposit, stocks, bonds, etc.—as security for a loan, the borrower has a contingent liability.

The underwriter is not required to include this contingent liability as part of the borrower’s recurring monthly debt obligations provided the underwriter obtains a copy of the applicable loan instrument that shows the borrower’s financial asset as collateral for the loan. If the borrower intends to use the same asset to satisfy financial reserve requirements, the underwriter must reduce the value of the asset (the account balance, in most cases) by the proceeds from the secured loan and any related fees to determine whether the borrower has sufficient reserves.

Payment on any debt secured by virtual currency is an exception to the above policy and must be included when calculating the debt-to-income ratio.

1.5.6.14 CONSUMER CREDIT CHARGE-OFFS AND COLLECTIONS

Delinquent credit, such as charge-offs of non-mortgage accounts and collections, have the potential to affect loan position or diminish borrower equity.

COLLECTIONS:

- Collection accounts less than 24 months old that total more than \$5,000 (individually or cumulatively), must be paid in full prior to or at closing. See below for exceptions:
 - Medical collections may remain open.
 - Collections that have expired under the state statute of limitations on debts may be excluded from the DTI calculation. Evidence of expiration must be documented.
 - **May remain open if 5% of the balance is included in the DTI calculation**
 - For DSCR transactions, charge-offs and collections can be ignored unless they are title impacted.
- Collections not excluded by the above bullet points must be paid or may stay open if using one or a combination of both of the following:
 - Payments for collections are included in the DTI (subject to program DTI restrictions). If the payment amount is not known, 5% of the balance may be used as the payment.
 - Reserves are sufficient to cover the balance of the collections and meet reserve requirements.

CHARGE-OFFS:

- Charge-off are debt that have been written off by the creditor and are typically no longer collected. Charge-off accounts are accounted for in the FICO score and are not required to be paid off.

1.5.6.15 CONSUMER CREDIT COUNSELING SERVICES

Borrower enrollment in Consumer Credit Counseling Services (CCCS) is allowed when a minimum of 12-months have elapsed on the plan, and evidence of timely payments for the most recent 12-months is provided. The CCCS Administrator must also provide a letter allowing the borrower to seek financing on a new home while enrolled in the plan.

A monthly CCCS plan payment must be included in the DTI calculation.

1.5.6.16 JUDGMENT OR LIENS

Any outstanding judgments or tax liens may remain open under the following conditions:

- Must be on a repayment agreement,
- Document the most recent 3 months’ payments made in a timely manner,
- Include payment in the DTI or debt service, and

- If the judgment or tax lien is recorded against the property, it must be subordinated

If the conditions above are not met, all open judgments, garnishments, and all outstanding liens must be paid off prior to or at loan closing.

1.5.6.17 INCOME TAX LIENS

All tax liens (federal, state, and local) must be paid off prior to or at loan closing unless the requirements listed below are met:

- The file must contain a copy of the approved IRS installment agreement with the terms of repayment, including the monthly payment amount and total amount due (Only one plan allowed).
- A minimum of two (2) payments have been made under the plan with all payments made on time and the account is current. Acceptable evidence includes the most recent payment reminder from the IRS, reflecting the last payment amount and date and the next payment amount owed and due date.
- The maximum payment required under the plan is included in the DTI calculation.
- The balance of the lien, or repayment plan, must be included when determining the maximum CLTV for the program.
- Refinance transactions require a subordination agreement from the taxing authority for liens against the subject property.

1.5.6.18 DISPUTED TRADELINES

Any disputed accounts on an applicant's credit report require additional due diligence. When an account in dispute is a collection account and the balance is less than or equal to \$250, the dispute may remain open. Otherwise, the following guidelines must be adhered to:

- If the tradeline is paid as agreed, no further action is needed.
- If the disputed account has a zero balance or is being paid at closing, no further action is needed.
- If the disputed account has delinquency within two years of the credit report date and the account balance is \$2,500 or less, no further action is needed.
- If the disputed account has delinquency within two years of the credit report date and the account balance is over \$2,500, the credit file should be documented with a credit supplement showing the dispute has been resolved.
- If the total aggregate balance of accounts in dispute exceeds \$5,000, a minimum of 5% of the total balance must be included in the DTI.

1.5.7 BANKRUPTCY HISTORY

Recent bankruptcies are not allowed. All bankruptcies must be settled a minimum of twelve (12) months. Specific programs may have longer periods, see Product Matrices for details. Evidence of bankruptcy resolution is required. The length of time is measured from the discharge/dismissal date to the Note date.

1.5.8 FORECLOSURE SEASONING

Foreclosures must be completed a minimum of twelve (12) months. Specific programs may have longer periods, see Product Matrices for details. The length of time is measured from the settlement date to the Note date. In the case of a

foreclosure which was included in a bankruptcy, the seasoning timeline will start from the earlier of the date of discharge of bankruptcy and the foreclosure completion date.

1.5.9 SHORT SALE/DEED-IN-LIEU SEASONING

Short Sales and Deeds-in-Lieu of Foreclosures must be completed a minimum of twelve (12) months. Specific programs may have longer periods, see Product Matrices for details.

In the case of a short sale/deed-in-lieu which was included in a bankruptcy, the seasoning timeline will start from the earlier of the date of discharge of bankruptcy and the short sale/deed-in-lieu completion date.

1.5.10 FORBEARANCE, MODIFICATION, OR DEFERRALS

Forbearances, modifications, and deferrals are considered under housing payment history as outlined below:

MORTGAGE TRADELINES IN FOREBEARANCE:

Applicants who had one or more mortgage trade lines placed in forbearance must meet one of the below requirements:

- If all payments made as originally scheduled during the forbearance period with no payments missed, the account(s) in question must be reinstated prior to application but there is no waiting period.
- If one or more payments on one or more accounts missed due to forbearance, then the account in question must be reinstated and three-monthly payments must be made as scheduled after completion of the forbearance period and prior to the application date. An Applicant may have missed more than three payments during the forbearance period and/or have the missed payments be added onto the loan's unpaid principal balance and still be eligible under this guideline, provided the requirements listed here are met.

WITHIN 12-MONTHS OF NOTE DATE:

- Forbearance, loan modifications, or deferrals completed or reinstated within 12-months of the Note date of the subject transaction.

ALL THENONI LOAN PROGRAMS:

All mortgages in forbearance or modification must be completed prior to funding. The borrower may not have any mortgages currently in forbearance or modifications in trial payment periods.

Forbearance or loan modification resulting in any of the attributes below is subject to seasoning of 36 months:

- Forgiveness of a portion of principal and/or interest on either the first or second mortgage
- Application of principal curtailment by or on behalf of the investor to simulate principal forgiveness
- Conversion of any portion of the original mortgage debt to a "soft" subordinate mortgage
- Conversion of any portion of the original mortgage debt from secured to unsecured

A letter of explanation from the borrower addressing the situation that made forbearance or modification necessary and that the situation requiring the forbearance or modification has passed.

1.5.11 CREDIT SCORE

Loan eligibility is based upon the representative credit score, also referred to as the Decision Credit score. A valid Decision Credit score requires at least one (1) borrower to have a minimum of two (2) credit scores. To determine a borrower(s) credit score, use the lower of two (2) or middle of three (3) credit scores.

For a loan file with one borrower, that borrower's score is the decision credit score. For loan files with multiple borrowers:

- **Standard and Alt Documentation:** The borrower with the higher monthly income is considered the primary borrower and their credit score can be used as the Decision Credit Score.
 - If the borrower and co-borrower are self-employed and jointly own the business being used for income, the highest score amongst the borrowers is used as the decision credit score.
- **DSCR:** Determine a decision credit score for each borrower/guarantor (lower of two or middle of three), use highest decision credit score amongst all borrowers/guarantors to determine loan eligibility.

1.5.12 TRADELINES

Non-QHEM: If the primary borrower has three (3) credit scores, the minimum tradeline requirement is waived. For loans when the primary borrower has less than three credit scores, each borrower must meet the minimum tradeline requirements, unless the co-borrower is the spouse of the borrower. In that case, only one spouse is required to meet the minimum tradeline requirements outlined below.

DSCR: For each borrower who has three (3) credit scores, the minimum tradeline requirement is waived (all borrowers must be evaluated individually). Each borrower with less than three (3) credit scores must meet the minimum tradeline requirements outlined below.

Foreign National DSCR:

No tradeline requirement specific to FN borrowers

The minimum tradeline requirements are as follows:

- At least three (3) tradelines reporting for a minimum of 12-months, with activity in the last 12-months, or
- At least two (2) tradelines reporting for a minimum of 24-months, with activity in the last 12-months.

Borrowers who do not meet one of the above tradeline requirements, but have a minimum of two credit scores, can alternatively satisfy the tradeline requirement by meeting the requirements below:

- No fewer than eight (8) tradelines are reporting, one (1) of which must be a mortgage or a rental history.
- At least one (1) tradeline has been open and reporting for a minimum of twelve (12) months.
- The borrower has an established credit history of at least eight (8) years.
- Tradelines with recent serious adverse history are not acceptable.
- Student loans can be counted in credit depth as long as they are in repayment and not being deferred.

The following are not acceptable to be counted as tradelines:

- “Non-traditional” credit as defined by Fannie Mae®
- Collection accounts
- Self-reported tradeline
- Foreclosures

- Any liabilities in deferment status
- Deed-in-lieu of foreclosure
- Accounts discharged through bankruptcy
- Short sales
- Authorized user accounts
- Pre-foreclosure sales
- Charge-offs

1.5.13 OBLIGATIONS NOT APPEARING ON CREDIT REPORT

1.5.13.1 HOUSING AND MORTGAGE-RELATED OBLIGATIONS

Housing and mortgage-related obligations include property taxes, insurance premiums, and similar charges that are required by the creditor (i.e., mortgage insurance), ground rent, and leasehold payments. All properties owned by the borrower must be fully documented in this regard on the Schedule of Real Estate Owned (REO) section of the FNMA Form 1003 loan application. These obligations must be verified (subject to the program criteria) using reasonably reliable records such as taxing authority or local government records, homeowner's association billing statements, or information obtained from a valid and legally executed contract.

1.5.13.2 2 CURRENT DEBT OBLIGATIONS, ALIMONY, AND CHILD SUPPORT

An underwriter may use a credit report to verify a borrower's current debt obligations, unless the underwriter has reason to know that the information on the report is inaccurate or disputed. Obligations that do not appear on the credit report, such as alimony and child support, must be documented through other methods according to Fannie Mae[®] guidelines.

When the borrower is required to pay alimony, child support, or separate maintenance payments under a divorce decree, separation agreement, or any other written legal agreement - and those payments must continue to be made for more than 10 months - the payments must be considered as part of the borrower's recurring monthly debt obligations. However, voluntary payments do not need to be taken into consideration and an exception is allowed for alimony. For alimony obligations, the underwriter has the option to reduce the qualifying income by the amount of the alimony obligation in lieu of including it as a monthly payment in the calculation of the DTI ratio. If the underwriter exercises this option, a copy of the divorce decree, separation agreement, court order, or equivalent documentation confirming the amount of the obligation must be obtained and retained in the loan file.

1.6 ASSETS

THE FOLLOWING APPLY TO ALL TRANSACTIONS UNLESS OTHERWISE STATED.

1.6.1 ASSET REQUIREMENTS

Acceptable asset documentation is required to be included in each loan file. The borrower must meet the minimum contribution amount per program requirements. Assets should be liquid or able to be liquidated without restriction by the borrower. The documentation requirement for all transactions is a single account statement covering a one (1) month period and dated within 120 days of the loan note date.

 - Business account used for income: Large deposits greater than 100% of monthly business revenue must be documented for a purchase transaction.

- Accounts verified using a third-party vendor participating in the Fannie Mae Day 1 Certainty[®] process.
- Verification of Deposit completed by the verifying financial institution (FNMA Form 1006).
- Borrowed funds secured by an asset are an acceptable source of funds for the down payment, closing costs, and reserves, since borrowed funds secured by an asset represent a return of equity. Assets that may be used to secure funds include automobiles, artwork, collectibles, real estate, or financial assets, such as savings accounts, certificates of deposit, stocks, bonds, and 401(k) accounts. When qualifying the borrower, monthly payments on loans secured by non-financial assets must be included in the debt-to-income calculation for non-DSCR transactions. When loans are secured by the borrower's financial assets, monthly payments for the loan do not have to be considered as long-term debt. See [Section 1.5.6.13 - Loans Secured by Financial Assets](#) for complete details.
- Stocks/bonds/mutual funds - 100% of the account(s) value may be considered for assets.
- Vested retirement account (e.g., IRA, 401k, Keogh, 403b) - 100% of the vested balance may be considered for assets. For downpayment and closing costs, if funds haven't been liquidated, confirm the borrower can access/withdraw funds.
- Business accounts may be considered for assets.
 - Consumer Purpose Loans: The amount of business assets that may be utilized is limited to the borrower's ownership percentage in the business.

 - Assets not held in the name of the vested entity: The amount of business assets that may be utilized is limited to the borrower's ownership percentage in the business.

 - Down payment and closing costs: currency must be liquidated and deposited into an established US bank account.
 - Reserves: Loan file must include a statement meeting the requirements under account statements to document ownership of the crypto holdings. Current valuation, within 30 days of the loan Note date, can only be determined from the Coinbase exchange. 60% of the current valuation will be considered eligible funds.

The following are not acceptable as asset documentation:

- Non-vested or restricted stock accounts.
- Cash-on-hand.
- Sweat equity.
- Gift or Grant funds which must be repaid.
- Down payment assistance programs.
- Unsecured loans or cash advances.

Waiver not eligible for DTI greater than 50%. For an Interest Only loan, the reduction is based on the amortizing payment used for loan qualification.
- Reserves for a loan with an Interest Only feature are based upon the Interest Only payment amount.
- For Adjustable-Rate Mortgages (ARM), the reserves are based upon the initial PITIA, not the qualifying payment.
- Proceeds from a 1031 Exchange cannot be used to meet reserve requirements.
- Gift funds may not be used to meet reserve requirements.
- **Cash out from the transaction can be used to meet the reserve requirements**

1.6.4 GIFT FUNDS

Unless otherwise specified, Gift Funds are acceptable if one of the following applies:

- 10% reduction in maximum LTV is required unless the borrower has 5% of their own funds verified.
- This restriction applies to purchase transactions only.

1.7 INCOME

1.7.1 INCOME ANALYSIS

THE FOLLOWING APPLY TO ALL INCOME DOCUMENTATION OPTIONS UNLESS OTHERWISE STATED IN THE SPECIFIC SECTION OF THE GUIDELINES.

1.7.1.1 EMPLOYMENT/INCOME VERIFICATION

- A minimum of two (2) years of employment history for both wage/salary or self-employment, is required to be documented on the loan application (FNMA Form 1003). When the borrower has less than a two-year history of employment, the underwriter should document positive factors to offset the shorter employment history, such as education or training.
- Any gaps in employment that span one or more months must be explained.
- Salary/Wage Earner – income derived from employment at a business. Compensation may be based upon a salary, hourly wage, bonus, commission, or overtime.
- Any borrower with a 25% or greater ownership interest in a business/entity or is paid using IRS form 1099 is considered self-employed.
- The following are common business structures:
 - Sole proprietorship
 - Limit Liability Company (LLC)
 - Partnerships
 - S-Corporation
 - Corporation

1.7.1.2 EARNINGS TRENDS

When 24-months of income are analyzed for qualification, year over year income amounts must be compared using the borrower's W-2 forms, signed federal income tax returns, or bank statements. The earnings trends are addressed as follows:

- **Stable or increasing:** Defined as annual income that is equal to, greater than, or less than 20% below the prior year's income. The income amounts will be averaged.
- **Declining but stable:** If the 24-month earnings trend shows a decline in borrower income of 20% or more on a year over year basis, but the most recent 12-month earning has stabilized and there is no reason to believe the borrower's employment will change, the most recent 12-month average of income will be used.

1.7.2 DEBT-TO-INCOME (DTI) RATIO

The Debt-to-Income (DTI) ratio is calculated and reviewed for adherence to HEM Program Matrix criteria.

The DTI ratio consists of two components:

- The borrower’s monthly debt obligations including the monthly mortgage payment for the subject loan, any simultaneous loans secured by the subject property, monthly mortgage-related obligations (property taxes, hazard/flood/other insurance, HOA fees, etc.), and consumer’s current debts, alimony and child support obligations.
- The borrower’s current monthly documented income used to qualify for the loan.

The qualifying monthly mortgage payment includes the following:

- Fixed rate: Note rate amortized over the total term
 - Interest Only: Note rate amortized over the remaining term after the expiration of the interest only period
- ARMs: Qualifying rate is the higher of the fully indexed rate or note rate
 - Interest Only: Qualifying rate amortized over the remaining term after the expiration of the interest only period

Monthly mortgage-related obligations include real estate taxes, property insurance, any other insurance, and any association dues.

1.7.2.1 PROPERTY TAX

- Calculating Real Estate Tax Payment for subject property:
 - For purchase and construction-related transactions, the underwriter must use a reasonable estimate of the real estate taxes based on the value of the land and the total of all new and existing improvements.
 - The tax rate per the tax cert should be used on existing construction
 - The millage rate provided by title should be used on new construction
 - State of California exception: Use 1.25% of the purchase price to determine the monthly tax payment.
 - For refinance transactions, use the current tax assessment.

1.7.3 RESIDUAL INCOME

Residual Income is the amount of monthly income remaining once a borrower has paid all monthly debt obligations.

Residual Income = Gross Monthly Income minus total monthly debt.

When the DTI is 43.001 or above, the underwriter must document that the residual meets or exceeds \$1,500 per month.

1.7.4 DOCUMENTATION OPTIONS

Standard and Alt Doc income documentation options are available. In addition to wage/salary income, Standard documentation includes various other types of income. See [Section 1.7.5.4 - Other Sources of Income](#) for documentation requirements. Income should be calculated and documented according to HEM guidelines. If a specific source of income is not referenced in the HEM Guide, the Fannie Mae® guidelines for that income source may be used.

1.7.4.1 IRS FORM 4506-C

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

A signed copy of IRS Form 4506-C is required in every standard documentation credit file. See specific income documentation type if transcripts are required. **Unless otherwise specified, the 4506 can be executed at the underwriters discretion.**

 - Proof that the identification theft was reported to and received by the IRS (IRS Form 14039).
 - A copy of the notification from the IRS alerting the taxpayer to possible identification theft.

- Record of Account from the IRS - Adjusted Gross Income and Taxable Income should match the borrower’s personal tax return (Form 1040). Validation of prior tax year’s income (The income for the current year must be in line with prior years.

1.7.4.2 TAXPAYER FIRST ACT

The Taxpayer First Act includes a provision that persons receiving tax return information must obtain the express permission of taxpayers prior to disclosing that tax return information to any other person. “Tax return information” is defined under the IRS Code, 26 U.S.C. § 6103.

Therefore, if a Broker obtains tax return information during the origination or servicing of a mortgage loan, the Broker must obtain express consent from the taxpayer to be able to share the tax information with another party. Such sharing would extend to actual or potential owners of the loan, such as Hometown Equity Mortgage dba theLender or any other loan participant.

1.7.5 STANDARD DOCUMENTATION – FULL DOC QUALIFIER

The definition of “most recent” is the last return scheduled to have been filed with the IRS. Any borrower who applied for a tax return extension must provide a copy of the extension in the credit file along with the prior one (1) or two (2) years of tax returns based upon the documentation method selected.

1.7.5.2.1 SELF-EMPLOYMENT INCOME

- The P&L may be either: prepared by a 3rd party or prepared by the borrower.
 - If a gap exists between the tax return ending date and the start date of the YTD P&L, a gap-year P&L is also required.
 - The qualifying income is determined from the tax returns; the P&L is used to determine the stability of that income.

1.7.5.3 EMPLOYMENT STATUS

In all cases, the borrower’s current employment status is required. Employment status can be established as follows:

- Documentation verifying that the borrower has received foster care income for a minimum one-year period.
- Qualifying income is based upon the current amount received.

1.7.5.4.9 HOUSING/PARSONAGE INCOME

Housing or parsonage income may be considered qualifying income if there is documentation that the income has been received for the most recent 24-months and the allowance is likely to continue for the next three (3) years. The following documentation is required:

- The two (2) most recent years of tax returns are required.
- Written documentation, such as a Written Verification of Employment (WVOE) provided by the church, must be obtained.
- The housing allowance, although not subject to federal income taxes, is subject to self-employment taxes. Gross income on Schedule SE of the borrower's IRS Form 1040 should include the housing allowance paid.

The housing allowance may be added to income but may not be used to offset the monthly housing payment.

1.7.5.4.10 INTEREST/DIVIDENDS

Verify the borrower's ownership of the assets on which the interest or dividend income was earned. Documentation of asset ownership must be in compliance with the [1.2 - Age of Document Requirements](#) section.

- Document a two-year history of the income, as verified by copies of the borrower's federal income tax returns.
- Develop an average of the income received for the most recent two (2) years.
- Subtract any assets used for down payment or closing costs from the borrower's total assets before calculating expected future interest or dividend income.

1.7.5.4.11 NON-TAXABLE INCOME

- If the income is verified to be nontaxable, and the income and its tax-exempt status are likely to continue, the underwriter may develop an "adjusted gross income" for the borrower by adding an amount equivalent to 25% of the nontaxable income to the borrower's income.
 - Child support income: The full amount of qualifying child support income may be treated as nontaxable and grossed up at 25% without supporting documentation verifying the nontaxable status.
 - Social Security income: Income may be grossed up at 15% without documentation verifying the nontaxable status.

1.7.5.4.12 NOTES RECEIVABLE INCOME

Note receivable income may be used for qualifying income subject to the following:

- Verify that the income can be expected to continue for a minimum of three (3) years from the date of the mortgage application.
- Obtain a copy of the Note to establish the amount and length of payment.
- Document regular receipt of income for the most recent 12-months using either cancelled checks, bank statements, or federal tax returns.
- Payments on a Note executed within the past 12-months, regardless of the duration, may not be used as stable income.

1.7.5.4.13 SOCIAL SECURITY

Social Security income for retirement that the borrower is drawing from their own account/work record will not have a defined expiration date and can be expected to continue.

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

Social Security income based on another person's account/work record or from the borrower's own work record, but for the benefit of another (such as a dependent) may also be used in qualifying, provided the underwriter documents a 3-year continuance.

Social Security income may be grossed up, see Section [1.7.5.4.11 – Non-Taxable Income](#).

- Borrower is drawing Social Security benefits from own account/work record, provide one of the following:
 - Most recent SSA Award Letter, or
 - Most recent SSA-1099, or
 - Proof of current receipt, or
 - Most recent signed federal income tax return (or tax transcript) if filed by all borrowers on the loan
- Borrower is drawing Social Security benefits from another person's account/work record or from their own account/work record for the benefit of another, provide all of the following:
 - Most recent SSA Award Letter,
 - Proof of current receipt, and
 - Proof of three-year continuance
- Survivor Benefits, provide all of the following:
 - Most recent SSA Award Letter,
 - Proof of current receipt, and
 - Proof of three-year continuance
- Supplement Social Security Income (SSI), provide all of the following:
 - Most recent SSA Award letter, and
 - Proof of current receipt

1.7.5.4.14 PENSION, RETIREMENT, ANNUITY

The following provides verification requirements for pension, retirement, and annuity income. Document regular and continued receipt of the income with one of the following:

- Statement from the organization providing the income, or
- Retirement award letter or benefit statement, or
- One (1) month financial or bank account statement evidencing the source/deposit, or
- Signed federal income tax return, or
- IRS W-2 form, or
- IRS 1099 form

In addition to the above, if retirement income is paid in the form of a distribution from a 401(k), IRA, or Keogh retirement account, the provide all of the following:

- Account Statement(s) reflecting available balance for withdrawals evidencing three (3) year continuance, and
- Borrower must have unrestricted access to the accounts without penalty

1.7.5.4.15 RENTAL INCOME

Rental income can be utilized as qualifying income by applicants who own investment properties. The following are the acceptable methods of calculation. Generally, the Applicant does not need a history of managing properties in order to rely on rental income, except as otherwise specified.

Method One | Tax Returns

- Utilize the net figure on schedule E page 1 of most recent year's tax return adding back depreciation, amortization and interest claimed. Deduct the principal and interest component of the mortgage payment(s) tied to the property (if any). Current property tax, property insurance and homeowner's association dues expenses do not need to be documented. For purposes of determining PITIA on non-subject rental properties owned, 1/12th of expenses claimed on the 1040's may be used. Receipt of rents either in line with or greater than the "gross rents" listed on the tax returns must be verified within 60 calendar days of the note date.

Method Two | Lease

- Use 75% of current lease less documented PITIA (principal, interest, taxes, insurance and homeowner's association dues). An open-ended month-to-month lease is acceptable provided the intent is for the tenant to occupy long term. **The month-to-month lease should have provisions for a 30 day or more vacate notification and no evidence of an end date specified. It must otherwise be treated as a short-term rental.** In the event the tenancy is at will with no formal lease agreement in place, a letter from the Applicant outlining terms may be accepted. Document current receipt of the lease income within 60 calendar days of the note date with the most recent one month's check in all cases where a lease is utilized.

Rental income received pursuant to short term leases (6 months or less) will be subject to scenario review and approval prior to closing. If acceptable, it will be averaged over the most recent 12-month period, and leases must be in place. In the event the subject transaction is a purchase transaction, and an executed lease is not available, monthly rental income can be obtained from Comparable Rent Schedule less 25% for vacancy factor. When relying upon either leases or the appraiser's opinion of market rents, the lower of the two figures must be used (if a lease is provided) and a 25% vacancy factor must be applied to the gross rents.

Application of Rental Income:

- **Primary Residence**
 - The monthly qualifying rental income (as defined above) must be added to the borrower's total monthly income. (The income is not netted against the PITIA of the property.)
 - The full amount of the mortgage payment (PITIA) must be included in the borrower's total monthly obligations when calculating the debt-to-income ratio.
 - Border Income: Income from roommates in a single-family property occupied as the applicant's primary residence is not acceptable. Rental income from boarders, however, is acceptable if the boarders are related by blood, marriage or law. The rental income may be considered effective if shown on the applicant's tax return. If not on the tax return, rental income paid by the boarder may not be used in qualifying. Document receipt of rents within 60 calendar days of the note date.
- **Investment Property**
 - If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the borrower's total monthly income.
 - If the monthly qualifying rental income minus PITIA is negative, the monthly net rental loss must be added to the borrower's total monthly obligations.
 - The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation.
 - The full monthly payment for the borrower's principal residence (full PITIA or monthly rent) must be counted as a monthly obligation.
- **Exiting Residence**

- See [1.5.5.4 Departure Residence](#)

1.7.5.4.16 RESTRICTED STOCK UNITS

Restricted stock units (RSUs) are issued to an employee through a vesting plan and distribution schedule. RSUs give an employee interest in company stock but have no tangible value until vesting is complete. The RSUs are assigned a fair market value when they vest and are considered ordinal income with a portion of the shares withheld to pay income taxes upon vesting. The employee receives the remaining shares and can sell them at their discretion.

Restricted stock options may be used as qualifying income when all the following requirements are met:

- Income has been consistently received for the prior two (2) years and is verified it will continue for three
- (3) years.
- RSU income is calculated using the past two (2) year average.
- If the RSU income is declining, proof of stability must be provided, and the most conservative average used for qualifying.
- Borrowers must be employed at the same company that issued the RSUs.
- Employer must be a publicly traded entity (e.g., a Fortune 500 company).
- Non-vested restricted stock is not an acceptable source of income or reserves.
- Vested RSUs may not be considered as qualifying income if they are also used for down payment, closing costs, and/or reserves.

The following documentation is required:

- Evidence that stock is publicly traded.
- The most recent vesting schedule or issuance agreement showing continuance of RSU income.
- Evidence of the payouts of RSUs for the past two (2) years. Acceptable verification includes any of the following:
 - Tax returns for the last two (2) years, reflecting RSU income.
 - Year-end paystubs reflecting the RSU payout.
 - An employer-provided statement paired with a brokerage or bank statement, showing the transfer of shares or funds, which includes the (a) date of the payout and (b) the number of vested shares and their cash equivalent distributed to the borrower.

1.7.5.4.17 ROYALTY INCOME

- Obtain copies of the following:
 - Royalty contract, agreement, or statement confirming amount, frequency, and duration of the income.
 - The borrower's most recently signed federal income tax return, including IRS Form 1040 and Schedule E.
- Confirm that the borrower has received royalty payments for at least 12-months and that the payments will continue for a minimum of three (3) years after the date of the mortgage Note.

1.7.5.4.18 TEACHER INCOME

Teachers are paid on a 9-month, 10-month, or 12-month basis. The pay structure should be determined before calculating the monthly income. If unable to determine the pay frequency, documentation such as a copy of their contract or documents from the school district's personnel office may be required.

1.7.5.4.19 TIP INCOME

Tips and gratuity income may be considered if the receipt of such income is typical for the borrower's occupation (i.e., waitperson, taxi driver, etc.). Tip income should be received for at least two (2) years.

Documentation will be based upon the documentation type selected (12- or 24- months). Obtain one (1) or two (2) years of federal income tax returns along with a year-to-date paystub. Income should be averaged over the time- period verified. If the tip income is not reported on the paystubs or tax returns, then it may not be included in qualifying income.

1.7.5.4.20 TRUST INCOME

Confirm the trust income by obtaining a copy of the trust agreement or the trustee's statement confirming the amount, frequency, and duration of payments:

- Trust verification documentation must clearly identify the date the trust was created.
- Trustee statement evidencing borrower is a beneficiary and income will continue for three (3) years.
 - Trust verification documentation to include a letter from an accountant or attorney who has reviewed the trust's documentation when one of the following applies:
 - Trustee's statement or other documents are not available, or
 - Borrower is trustee
- Variable trust income: Use an average over the length of time per the doc type selected.
 - When variable trust income has been received for less than 24 months, but not less than 12 months, it may be considered as stable income with compensating factors
- Fixed trust income: Use the fixed payment as documented.
- If the borrower creates the trust as trustee, the assets within the trust must be verified with 3rd party documentation (i.e., bank statements).
- Unless this income is received monthly, documentation of current receipt of the income is not required if the income is on the borrower's most recent tax return.

1.7.5.4.21 UNEMPLOYMENT BENEFIT INCOME

Income derived from unemployment compensation is generally not allowed due to the limited duration of its receipt. Seasonal unemployment, however, can be considered if the borrower is employed in a field where weather affects the ability to work, and where unemployment compensation is often received (i.e., construction). The income can be used to qualify with a two-year employment history in the same field of work and a two-year history of receipt of unemployment compensation. Income should be averaged over the time-period verified.

1.7.5.4.22 VA BENEFITS

Document the borrower's receipt of Veteran Administration (VA) benefits with one of the following:

- Award letter, or
- Distribution form from the VA

Verify that the income can be expected to continue for a minimum of three (3) years from the date of the mortgage Note. (Verification is not required for VA retirement or long-term disability benefits.)

Education benefits are not acceptable income because they are offset by education expenses.

1.7.5.4.23 VARIABLE – OVERTIME/BONUS/COMMISSION

Variable income sources are eligible provided the borrower has a minimum 2-year history of receiving such income in the same line of work. Variable income earned for less than one (1) year may not be used for qualifying income.

- Variable earnings must be averaged over the most recent one (1) or two (2) years based upon the documentation type, and include the following:
- Most recent year-to-date pay stub reflecting the variable earnings;
- W-2 forms covering the most recent 1-year or 2-year period;
- A completed Written Verification of Employment – FNMA Form 1005 detailing base, overtime, commission, or bonus earnings.

1.7.5.5 INELIGIBLE INCOME SOURCES (08/29/2022)

- Mortgage Credit Certificates
- Educational benefits
- Mortgage Differential Payments
- Gambling winnings
- Refunds of federal, state, or local taxes
- Cannabis (see below)

Guidelines for income derived from cannabis:

- Self-employed income (active or passive) derived from a company involved in cultivation, transportation, retailing, etc. is not allowed regardless of percentage of company ownership.
- Income from borrowers who are wage earners in the industry are allowed.

1.7.5.6 HOUSING ALLOWANCE

In some cases, Applicants may be able to use certain housing allowances (such as military and clergy) as qualifying income provided:

- The housing allowance has a history of being a part of the historical salary,
- The amount of the allowance must be verified in writing by the employer, and
- There is proof of receipt of the income for the most recent 12 months.
- This requirement is only for non-military housing allowance.

In some instances, this income is non-taxable (such as clergy). If documented as non-taxable via most recent two years tax returns, the non-taxable portion may be grossed up by 1.25% for qualification purposes

1.7.5.7 GOVERNMENT ASSISTANCE PROGRAMS

Income received from government assistance programs is acceptable as long as the income has been received for the previous 24 months and the paying agency provides documentation indicating that the income is expected to continue for at least three years. Copies of checks, award letters or grant statements are acceptable documentation.

1.7.5.8 HOMEOWNERSHIP SUBSIDIES

- A monthly subsidy may be treated as income, if an applicant is receiving subsidies under the housing choice voucher home ownership option from a public housing agency (PHA). Although continuation of the

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

homeownership voucher subsidy beyond the first year is subject to Congressional appropriation, for the purposes of underwriting, the subsidy will be assumed to continue for at least three years.

- If the applicant is receiving the subsidy directly, the amount received is treated as income. The amount received may also be treated as nontaxable income and be “grossed up” by 25 percent, which means that the amount of the subsidy, plus 25 percent of that subsidy may be added to the applicant’s income from employment and/or other sources.
- The Underwriter may treat this subsidy as an “offset” to the monthly mortgage payment (that is, reduce the monthly mortgage payment by the amount of the home ownership assistance payment before dividing by the monthly income to determine the payment-to-income and debt-to-income ratios). The subsidy payment must not pass through the applicant’s hands.
- The assistance payment must be:
 - Paid directly to the servicing creditor, or
 - Placed in an account that only the servicing creditor may access.

Note: Assistance payments made directly to the applicant must be treated as income.

1.7.5.9 TEMPORARY LEAVE INCOME

Temporary leave from work is generally short in duration and for reasons of maternity or parental leave, short-term medical disability, or other temporary leave types that are acceptable by law or the applicant's employer. Applicants on temporary leave may or may not be paid during their absence from work. If the underwriter is made aware that an applicant will be on temporary leave at the time of closing of the mortgage loan and that applicant's income is needed to qualify for the loan, the Underwriter must determine allowable income and confirm employment as described below:

- The applicant's employment and income history must meet standard eligibility requirements as described above.
- The applicant must provide written confirmation of his or her intent to return to work.
- Document the applicant’s agreed-upon date of return by obtaining verification either from the applicant or directly from the employer (or a designee of the employer when the employer is using the services of a third party to administer employee leave). See FNMA’s Selling Guide for examples of acceptable documentation. This documentation does not have to comply with the Allowable Age of Credit Documents policy.
- The Underwriter must receive no evidence or information from the applicant's employer indicating that the applicant does not have the right to return to work after the leave period.
- The Underwriter must obtain a verbal verification of employment. If the employer confirms the applicant is currently on temporary leave, the Underwriter must consider the applicant employed. Furloughed Applicants do not follow this guideline section.
- The Underwriter must verify the applicant's income in accordance with the other provisions of this guide. The Underwriter must obtain the amount and duration of the applicant's “temporary leave income,” which may require multiple documents or sources depending on the type and duration of the leave period and “regular employment income.” The latter may include but is not limited to, the income the applicant receives from employment on a regular basis that is eligible for qualifying purposes (for example, base pay, commissions, and bonus).

Note: Income verification may be provided by the applicant, by the applicant's employer or by a third-party employment verification vendor.

1.7.5.9.1 REQUIREMENTS FOR CALCULATING INCOME USED FOR QUALIFYING

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

If the applicant will return to work as of the first mortgage payment date, the Underwriter can consider the applicant's regular employment income in qualifying.

If the applicant will not return to work as of the first mortgage payment date, the Underwriter must use the lesser of the applicant's temporary leave income (if any) or regular employment income. If the applicant's temporary leave income is less than his or her regular employment income, the Underwriter may supplement the temporary leave income with available liquid financial reserves. Note that these reserves would be in addition to any other reserves required under this guide. The following are instructions on how to calculate the "supplemental income":

Supplemental income amount = available liquid reserves divided by the number of months of supplemental income

Total qualifying income = supplemental income plus the temporary leave income

Available liquid reserves = subtract any funds needed to complete the transaction (down payment, closing costs, other required debt payoff, escrows, and minimum required reserves) from the total verified liquid asset amount.

Number of months of supplemental income: the number of months from the first mortgage payment date to the date the applicant will begin receiving his or her regular employment income, rounded up to the next whole number.

After determining the supplemental income, the Underwriter must calculate the total qualifying income. The total qualifying income that results may not exceed the applicant's regular employment income.

The same assets utilized to meet the liquid reserve requirement for this section may not be used for asset distribution.

1.7.6 ALT DOC – BANK STATEMENT QUALIFIER

Personal bank statements or business bank statements may be used to document self-employment income.

Bank statements may be obtained from the borrower, or the underwriter can use a third-party asset vendor participating in the Fannie Mae Day 1 Certainty[®] process.

1.7.6.2 BANK STATEMENT OPTIONS/INCOME ANALYSIS

In addition to the factors described in the [1.7.1 – Income Analysis](#) section of this guide, underwriters should consider the following:

- Deposits should be reviewed for consistency.
- Deposits from alternative payment processing applications (i.e., Square, Venmo) are eligible.
- Inconsistent or large deposits should be sourced or excluded from the analysis. The definition of an inconsistent or large deposit is any deposit exceeding 50% of the average monthly sales of the business.
- Changes in deposit pattern must be explained.
- Income documented separately, but included as deposits in the statement under review, must be backed out of deposits.

1.7.6.2.1 PERSONAL BANK STATEMENT REVIEW

A personal bank account is held in the individual borrower(s) name. The following documentation requirements and analysis methods apply:

- Verify that the borrower owns 20% of the business by providing one of the following:
 - CPA letter, Tax Preparer letter, operating agreement, or equivalent, reflecting the borrower's ownership percentage.

- Qualifying income calculated using total deposits from the personal statements, minus any inconsistent or large deposits not justified. Qualifying income based upon the total eligible deposits from the statements reviewed divided by the number of statements. The most recent bank statement must be consistent with the qualifying income.
- If the personal account is jointly owned, and the joint owner is not an owner of the business, deposits that are not readily identifiable as transfers from the business accounts or business deposits must be excluded unless sourced.

- ATM deposits may be included if a consistent pattern of such deposits is present.
- Two (2) months of business bank statements, which must:

1.7.6.2.2 BUSINESS AND CO-MINGLED BANK STATEMENT REVIEW

A **business bank statement** used for ongoing operations of the business must reflect the name of the business as completed on the URLA or loan application.

- Verify that the borrower has ownership of at least 25% of the business by providing one of the following:
 - CPA letter, Tax Preparer letter, operating agreement, or equivalent; reflecting the borrower's ownership percentage.
- Net income from the analysis of the bank statements is multiplied by the borrower's ownership percentage to determine the borrower's qualifying income.

A **co-mingled bank statement** is a personal account used by a borrower for both business and personal use. A separate business account is not required.

- Verify that the borrower has 100% ownership of the business by providing one of the following:
 - CPA letter, Tax Preparer letter, operating agreement, or equivalent; reflecting the borrower's ownership percentage.
- The borrower must be the sole owner of the business listed on the URLA or loan application.
- Borrower and spouse with combined 100% ownership of the account are eligible.

The underwriter can opt to use the maximum 50% expense factor without any additional documentation.

3RD PARTY PREPARED BUSINESS EXPENSE STATEMENT LETTER

DOCUMENTATION REQUIREMENTS

- 12- or 24- months of consecutive business bank statements, the most recent statement dated within 90-days of the note date and;

INCOME CALCULATION METHOD

- Total expenses are calculated by multiplying the total deposits by the expense factor provided (subject to a minimum total expense percentage of 10%), multiplied by ownership percentage, divided by the number of bank statements.
- Deposits x (expense ratio) x (ownership %) / 24 or 12 = qualifying income.
 - Example: \$360,000 x .75 = \$270,000 x .50 = \$135,000 / 12 = \$11,250

The bank statements and P&L must cover the same time period. If the deposits support the sales, qualifying income is the lower of:

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

- The Net Income indicated on the P&L divided by the number of statements (24 or 12), or

 - Depreciation
 - Depletion
 - Amortization/casualty loss

1.7.6.3 NON-SUFFICIENT FUNDS

Non-sufficient funds (NSF) reflected on the bank statement must be considered. Overdraft protection fees associated with a pre-arranged link to a savings account or line of credit must also be considered unless one of the following conditions exist:

- Overdraft protection from a depository account: Occurrences may be excluded if statements for the linked account confirm that:
 - the linked account balance at the time of the transfer exceeded the amount of the overdraft transfer.
 - the linked account's balance did not report as zero or negative at any point during the statement period of the transfer, and
 - the linked account did not itself receive overdraft protection proceeds during the statement period of the transfer.
- Overdraft protection from a line of credit: Occurrences may be excluded if statements for the linked account confirm that:
 - the line's credit limit was not exceeded during the statement period of the transfer, and
 - a payment amount which equals or exceeds the sum of all overdraft protection occurrences analyzed in the statement period is made within 30 days after the statement close date.
- Occurrences where no fee was charged or the fee was reversed can be excluded
- Occurrences included in the analysis are subject to the following tolerances:
 - An occurrence is defined as one or more checks returned the same day.
 - If there are one (1) or more occurrences in the most recent three-month time period, up to three (3) occurrences are allowed in the most recent 12-month time period.
 - If there are zero (0) occurrences in the most recent three-month time period, up to eight (8) occurrences in the most recent 12-month time period are acceptable.
- Exception requests for tolerance deviations must include:
 - a letter of explanation from the borrower outlining the reason for the occurrences and an explanation of how and when the issue leading to the occurrences was rectified, and
 - additional compensating factors outlined by the underwriter supporting the viability of income.
- The underwriter must consider the financial strength of a self-employed borrower's business.

1.7.7 ALT DOC – RENTAL INCOME

Rental income may be included in loan qualification for Alt Doc income types, to be considered the following documentation must be provided:

- Long Term Rental:
 - A copy of the lease(s) for the rental property.

Internal Use Only

HEM Non-Agency – Non-QHEM/theNONI

- Must provide one (1) month of proof of the receipt of rental income. The deposits must be to a separate bank account. Any deposits in the business bank statements used in the business income analysis are not eligible.
 - 75% of the verified monthly rental income can be used to offset the PITIA of the rental property.
 - If the deposits cannot be validated in a separate account, the full PITIA of the rental unit must be included in the qualifying DTI ratio.
- If the transaction type is a purchase of an investment property, and income from the subject property is considered in the underwriting, proposed rental income from the comparable rent schedule, reflecting long term rental rates, may be used for qualifying if there is not a current lease or assignment of lease.
- Short Term Rental:
 - Property leased on a short-term basis utilizing an on-line service such as Airbnb gross monthly rents can be determined by using a 12-month look back period to account for seasonality.
 - Rents for the look back period must be documented with either 12-monthly statements or an annual statement provided by the on-line service. In the event the borrower owns a single rental property, bank statements with deposits clearly identified/sourced as rental income can be substituted. If two or more rental properties owned, statements from an online service must be provided to associate rents received with the specific property.
 - 75% of the verified monthly rental income can be used to offset the PITIA of the rental property.
 - A screen shot of the online listing must show the property(s) activity marketed as a short-term rental

 - The full amount of the mortgage payment (PITIA) must be included in the borrower's total monthly obligations when calculating the debt-to-income ratio.
 - Investment Property
 - If the monthly qualifying rental income (as defined above) minus the full PITIA is positive, it must be added to the borrower's total monthly income.
 - If the monthly qualifying rental income minus PITIA is negative, the monthly net rental loss must be added to the borrower's total monthly obligations.
 - The full PITIA for the rental property is factored into the amount of the net rental income (or loss); therefore, it should not be counted as a monthly obligation.
 - The full monthly payment for the borrower's principal residence (full PITIA or monthly rent) must be counted as a monthly obligation.

1.8.2 (1-4) FAMILY RESIDENTIAL PROPERTY

1.8.2.1 PROPERTY INCOME ANALYSIS

Gross monthly rents are used to determine the DSCR. See the appropriate Long Term or Short-Term requirements below for rental income documentation and DSCR calculation.

1.8.2.1.1 LONG TERM RENTAL DOCUMENTATION AND DSCR CALCULATION

- Purchase Transactions

- Monthly Gross Rents are the monthly rents established on FNMA Form 1007 or 1025 reflecting long term market rents.
- If the subject property is currently tenant occupied, the 1007 or 1025 must reflect the current monthly rent.
- A vacant or unleased property is allowed without LTV restriction.
- Refinance Transactions
 - Required documentation:
 - FNMA Form 1007 or 1025 reflecting long term market rents, and lease agreement.
 - Monthly Gross Rents are determined by using the actual lease amount or estimated market rent from 1007/1025 as follows:
 - If using the lower of the actual lease amount or estimated market rent, nothing further is required.
 - If using a higher actual lease amount, evidence of 1-month of receipt or security deposit is required.
 - If using a higher estimated market rent from 1007/1025, it must be within 120% of the lease amount. If the estimated market rent exceeds the lease amount by more than 120%, the estimated market rent is capped at 120%.
 - A vacant or unleased property is allowed subject to the following:
 - LTV/CLTV limits: Lesser of 80%, or the LTV/CLTV based upon the DSCR/FICO/Loan balance matrix.
- DSCR Calculation
 - Debt Service Coverage Ratio is the Monthly Gross Rents divided by the PITIA of the subject property. See the HEM Eligibility Matrix for required Debt Service Coverage Ratios.
 - Gross rents divided by PITIA = DSCR

NOTE:

- Leases obtained after application must have evidence of the security deposit
- Lease agreements made to entities are acceptable
 - The borrower cannot be part of the entity
- Expired long term leases that have converted to month-to-month or leases/rental agreements that are inherently month-to-month are acceptable and will be treated as tenant occupied.
 - Intent of the lease must be for more than 30 days to not be classified as a short-term rental.

1.8.2.1.2 SHORT TERM RENTAL (E.G., AIRBNB, VRBO, FLIPKEY) DOCUMENTATION AND DSCR CALCULATION

Short term rentals are properties which are leased on a nightly, weekly, monthly (not month-to-month), or seasonal basis.

Short-Term Rental Income – Purchase and Refinance Transactions:

- DSCR Calculation:
 - Monthly gross rents based upon a 12-month average to account for seasonality required.
 - Gross rents reduced by 20% to reflect extraordinary costs (i.e., advertising, furnishings, cleaning) associated with operating short-term rental property compared to non-short-term property.
 - $(\text{Gross Rents} * .80)$ divided by PITIA or ITIA for I/O = DSCR.
- Any of the following methods may be used to determine gross monthly rental income:
 - A 1007 or 1025 Comparable Rent Schedule survey prepared by the appraiser reflecting long-term or short-term market rents.
 - An alternative market rent analysis similar to FNMA Form 1007/1025 is allowed, subject to the following:
 - Analysis must be completed pursuant to the lender's appraisal management process.
 - Must be completed by a licensed appraiser.

- Must include daily rental rate and occupancy percentage
- An AirDNA report as detailed in [1.8.2.1.2 SHORT TERM RENTAL](#)
- The most recent 12-month rental history statement from the 3rd party rental/management service.
 - The statement must identify the subject property/unit, rents collected for the previous 12 months, and all vendor management fees. The rental income will exclude all vendor or management fees.
- The most recent 12-month bank statements from the borrower evidencing short-term rental deposits. The borrower must provide rental records for the subject property to support monthly deposits.

AirDNA Report Requirements

- AIRDNA (www.Airdna.co) Rentalizer and Overview reports, accessed using the Explore Short-Term Rental Data, must meet the following requirements:
 - Rentalizer (Property Earning Potential)
 - Only allowed for purchase transaction.
 - Gross Rents equal the revenue projection from the Rentalizer Report.
 - The gross rents are subject to the application of the 20% extraordinary expense factor.
 - Revenue projection equals the average daily rental rate times the occupancy rate.
 - Forecast Period must cover 12-months from the Note date.
 - Must have three (3) comparable properties
 - Must be similar in size, room count, amenities, availability, and occupancy.
 - Maximum occupancy limited to 2 individuals per bedroom.
 - Market score or Sub-Market score must be 60 or greater.

1.8.2.2 DEBT SERVICE COVERAGE RATIO (DSCR)

Debt Service Coverage Ratio is the Monthly Gross Income divided by the PITIA (or ITIA for interest-only loans) of the subject property. See the HEM Eligibility matrix for required Debt Service Coverage Ratios. See [Section 1.1.3- Qualifying Payment](#) for further guidance regarding Qualifying Payments.

- Calculating Real Estate Tax Payment for subject property:
 - For purchase and construction-related transactions, the underwriter must use a reasonable estimate of the real estate taxes based on the value of the land and the total of all new and existing improvements.
 - State of California exception: Use 1.25% of the purchase price to determine the monthly tax payment.
 - For refinance transactions, use the current tax assessment.
- For full amortization, use the note rate to calculate the PITIA for use in the DSCR calculation.
- For Interest Only loans, use the note rate to calculate the ITIA for use in the DSCR calculation.

EXAMPLE: SAMPLE DEBT SERVICE COVERAGE RATIO CALCULATION

Single Family Purchase Money Transaction Monthly

PITIA = \$650

Estimated Monthly Market Rent (FNMA Form 1007) = \$850

Existing Lease Monthly Rent = Not Available

Use Market Rent of \$850 (*Estimated Monthly Market Rent when a lease is not available for a purchase transaction*).

Gross Rents (**\$850**) ÷ PITIA (**\$650**) = **DSCR (1.30)**

1.9 PROPERTY ELIGIBILITY

1.9.1 APPRAISALS

1.9.1.1 APPRAISAL REQUIREMENTS 1-4 UNIT RESIDENTIAL

HEM reserves the right to review all valuation reports and determine if the subject property value is supported.

Appraisers must meet all industry standards and be State Certified. All real estate appraisals must be performed according to the Uniform Standards of Professional Appraisal Practice (USPAP) and Fannie Mae[®] guidelines, including Universal Appraisal Dataset (UAD) requirements. Appraisal assignments must be obtained in a manner that maintains appraiser independence and does not unduly influence the appraiser to meet a predetermined value. HEM reserves the right to restrict the use of any specific appraiser and/or appraisal management company at its discretion.

Underwriters are responsible for reviewing the appraisal report for accuracy, completeness, and its assessment of the marketability of the subject property. The underwriter needs to determine that the subject property provides acceptable collateral for the loan. For guidance in the manual review of an appraisal report, see the [Appraisal Review Guide](#).

The age and price of the subject property should fall within the age and price range of properties in the subject neighborhood. Comparable properties should be selected from the same neighborhood when possible. Selection of a comparable outside the subject neighborhood should be addressed within the report. For condominiums, at least one comparable should be from outside the subject project. Ideally, comparable sales should be within six months of the report date. Older comparable sales that are the best indicator of value should be addressed in comments by the appraiser.

A Full Interior/Exterior appraisal report, including color photographs, requires use of one of the following forms depending on the property type:

- Uniform Residential Appraisal Report – Fannie Mae[®]/Freddie Mac Forms 1004/70
- Small Residential Income Property Report – Fannie Mae[®]/Freddie Mac Forms 1025/72
- Individual Condominium Unit Appraisal Report – Fannie Mae[®]/Freddie Mac Forms 1073/465
- Appraisal Update and/or Completion Report – Fannie Mae[®]/Freddie Mac Forms 1004D/442
- Single Family Comparable Rent Schedule – Fannie Mae[®]/Freddie Mac Forms 1007/1000

Brokers must order appraisals using one of two processes. The appraisal must be ordered through an Appraisal Management Company (AMC) that complies with Appraiser Independence Requirements (AIR).

1.9.1.1.1 APPRAISER LICENSE AND CERTIFICATION

The appraisal report forms identify the appraiser as the individual who:

- Performed the analysis, and
- Prepared and signed the original report as the appraiser.

Prohibited License Statuses

- Revoked
- Restricted
- Suspended

- Conditional Suspended
- Expired
- Cancelled

This does not preclude appraisers from relying on individuals who are not state-licensed or state-certified to provide significant professional assistance, such as an appraiser trainee.

SUPERVISORY APPRAISER

If a supervisory appraiser is used, the supervisory appraiser does not need to physically inspect the subject property or comparables, but must sign the right side of the report and certify that they:

- Directly supervised the appraiser that prepared the appraisal report, and
- Reviewed the appraisal report, and
- Agree with the statements and conclusions of the appraiser, and
- Agreed to be bound by the certifications as set form in the appraisal report forms, and
- Take full responsibility for the appraisal report.

When an appraisal is completed by a trainee, a supervisory appraiser with a certified level license is required to sign the report.

APPRAISAL TRAINEE

A trainee may perform a significant amount of the appraisal (or the entire appraisal if they are qualified to do so) and must sign the left side of the appraisal certification as the Appraiser if:

- They are working under the supervision of a state-licensed or state-certified appraiser as an employee or sub-contractor, and
- The right side of the appraiser certification is signed by that supervisory appraiser, and
- It is acceptable under state law.

If the jurisdiction does not provide license numbers for trainees, the term Trainee should be entered in the “Other” field in the Appraiser Certification section.

1.9.1.1.2 APPRAISAL AGE

The appraisal should be dated no more than 365 days prior to the Note date.

When an appraisal report will be more than 120 days old on the date of the Note, regardless of whether the property was appraised as proposed or existing construction, the appraiser must inspect the exterior of the property and review current market data to determine whether the property has declined in value since the date of the original appraisal. This inspection and the results of the analysis must be reported on the Appraisal Update and/or Completion Report (FNMA Form 1004D).

- If the appraiser indicates on FNMA Form 1004D that the property value has declined, then the underwriter must obtain a new appraisal for the property.
- If the appraiser indicates on FNMA Form 1004D that the property value has *not* declined, then the underwriter may proceed with the loan in process without requiring any additional fieldwork.

INELIGIBLE CONDITION OR QUALITY:

Properties for which the appraisal indicates condition ratings of C5 or C6, or a quality rating of Q6, as determined under the Uniform Appraisal Dataset (UAD) guidelines. HEM will consider if the issue has been corrected prior to loan funding and with proper documentation.

1.9.1.1.3 SECOND APPRAISAL

A second appraisal is required when any of the following conditions exist:

- The loan balance exceeds \$2,000,000 for either a single property loan or the allocated loan balance of a property within a cross-collateral loan.
 - (2nd appraisal not required when Form 71A Multifamily or a commercial narrative report utilized).
- The transaction is a flip as defined in the Property Flips section of this guide.
- As required under the Appraisal Review Products section of this guide.

When a second appraisal is provided, the transaction's "Appraised Value" will be the lower of the two appraisals. The second appraisal must be from a different company and appraiser than the first appraisal.

1.9.1.1.4 APPRAISAL EVALUATION

The sales comparison approach must be used as the final appraised value.

NEIGHBORHOOD ANALYSIS

- Neighborhood boundaries should be described using the four (4) cardinal directions, streets, waterways, other geographic features, and natural boundaries that define the separation of one neighborhood from another.
- Neighborhood characteristics should be described with types and sizes of structures, architectural styles, current land uses, site sizes, and street patterns or designs.
- Factors that affect value and marketability should be mentioned in as much detail as possible – e.g., proximity of the property to employment and amenities, public transit, employment stability, market history, and environmental considerations.

EXISTING CONSTRUCTION

- If the appraiser reports the existence of minor conditions or deferred maintenance items that do not affect the safety, soundness, or structural integrity of the property, the appraiser may complete the appraisal "as is." These items must be reflected in the appraiser's opinion of value.
- When there are incomplete items or conditions that do affect the safety, soundness, or structural integrity of the property, the property must be appraised subject to completion of the specific alterations or repairs. These items can include a partially completed addition or renovation, or physical deficiencies that could affect the safety, soundness, or structural integrity of the improvements, including but not limited to, cracks or settlement in the foundation, water seepage, active roof leaks, curled or cupped roof shingles, or inadequate electrical service or plumbing fixtures. In such cases, the underwriter must obtain a certificate of completion from the appraiser before the mortgage is delivered to HEM.
- Permanent and Functioning Heat Source – A permanent heat source is required except for properties located in geographic areas where it is typical not to have heat source and has no adverse effect on marketability.

SUBJECT SECTION

The appraiser is required to research and identify whether the subject property is currently for sale or if it has been offered for sale in the 12-months prior to the effective date of the appraisal. If the answer is ‘No,’ the data source(s) used must be provided. If the answer is ‘Yes,’ the appraiser must report on each occurrence or listing and provide the following information:

- Offering price(s).
- Offering date(s).
- Data source(s) used. For example, if the subject property is currently listed for sale and was previously listed eight months ago, the appraiser must report both offerings.

ACTUAL AND EFFECTIVE AGES

There is no restriction on the actual age of the dwelling. Older dwellings that meet general requirements are acceptable. Improvements for all properties must be of the quality and condition that will be acceptable to typical purchasers in the subject neighborhood. The relationship between the actual and effective ages of the property is a good indication of its condition. A property that has been well-maintained generally will have an effective age somewhat lower than its actual age. On the other hand, a property that has an effective age higher than its actual age probably has not been well-maintained or might have a specific physical problem. In such cases, the underwriter should pay particular attention to the condition of the subject property in its review of any appraisal report. When the appraiser adjusts for the “Year Built,” he or she must explain those adjustments.

ACCESSORY DWELLING UNITS (ADU)

HEM will allow an ADU on 1–3-UNIT properties. An accessory unit is typically an additional living area independent of the primary dwelling unit and includes a fully functioning kitchen and bathroom.

Some examples may include a living area over a garage and basement units. Whether a property is defined as a one-unit property with an accessory unit or a two-unit property will be based on the characteristics of the property, which may include, but are not limited to, the existence of separate utilities, a unique postal address, and whether the unit is rented.

The appraiser is required to provide a description of the accessory unit and analyze any effect it has on the value or marketability of the subject property.

If the property contains an accessory unit, the property is eligible under the following conditions:

- The property is defined as a 1–3-unit property.
- No more than 2 accessory units on 1- & 2-unit properties, 3-unit properties are limited to 1 ADU.
- The appraisal report demonstrates that the improvements are typical for the market through an analysis of at least one comparable property with the same use.
- 75% of the ADU income may be used for qualifying
- For properties located in California, if zoning (current or grandfathered) permits an accessory unit, the rental income may be included, subject to the following:
 - Appraisal reflects the accessory is legal and the appraisal report includes at least one comp with an accessory unit.
 - Refinance – The market rent for the accessory unit should be documented on FNMA Form 1007 and the file must include a copy of the current lease with two (2) months proof of current receipt.

- The ADUs must comply with all local zoning requirements
- Not allowed on legal non-conforming zoned properties

Manufactured Homes are not eligible ADUs and cannot be anywhere on the subject property.

OUTBUILDINGS

The underwriter must give properties with outbuildings special consideration in the appraisal report review to ensure that the property is residential in nature. Descriptions of the outbuildings should be reported in the Improvements and Sales Comparison Approach sections of the appraisal report form.

TYPE OF OUTBUILDING	SUITABILITY
Minimal outbuildings, such as small barns or stables, that have relatively insignificant value in relation to the total appraised value of the subject property	The appraiser must demonstrate, using comparable sales with similar amenities, that the improvements are typical of the residential properties in the subject area for which an active, viable residential market exists.
An atypical minimal building	The property is acceptable provided the appraiser’s analysis reflects little or no contributory value for it.
Significant outbuildings, such as silos, large barns, storage areas, or facilities for farm-type animals	The presence of the outbuildings may indicate that the property is agricultural in nature. The Underwriter must determine whether the property is residential in nature, regardless of whether the appraiser assigns value to the outbuildings.

SOLAR PANELS

Solar panels that are leased from or owned by a third party under a power purchase agreement or other similar financing arrangement must be considered personal property and not be included in the appraised value of the property. See [Section 1.12 – Solar Panels](#) for additional criteria.

TRANSFER OF APPRAISAL

A transferred appraisal report is acceptable (when not otherwise excluded on the product matrix) provided the report meets the HEM’s appraisal requirements for independence.

All transferred appraisals require the following:

- A transfer letter giving HEM all right to the report
- An AIR certificate clarifying the independence of the report

1.9.7 LEASEHOLD PROPERTIES

In areas where leasehold estates are commonly accepted and documented via the Appraisal, loans secured by leasehold estates are eligible. The mortgage must be secured by the property improvements and the borrower's leasehold interest in the land. The leasehold estate and any improvements must constitute real property, be subject to the mortgage lien, and be insured by the Seller's title policy.

The Broker must provide documentation and leaseholds must meet all Fannie Mae® eligibility requirements (i.e., term of lease).

1.9.8 HEM EXPOSURE – BORROWER LIMITATIONS

HEM' aggregate exposure to a single borrower and/or household shall not exceed \$4,000,000 in current unpaid principal balance (UPB) or four (4) loans.

- Exposure in excess of the limit requires credit committee approval.

1.9.9 DISASTER AREAS

The following guidelines apply to properties located in FEMA declared disaster areas for Individual Assistance, as identified by reviewing the FEMA website at www.fema.gov/disasters. In addition, when there is knowledge of an adverse event occurring near and around the subject property location, such as earthquakes, floods, tornadoes, or wildfires, additional due diligence must be used to determine if the disaster guidelines should be followed.

The guidelines for disaster areas should be followed for 120 days from the disaster declaration date as published by FEMA.

1.9.9.1 APPRAISAL COMPLETED PRIOR TO DISASTER

An exterior inspection of the subject property, performed by the original appraiser, if possible, is required.

- The appraiser should provide a statement indicating if the subject property is free from any damage, is in the same condition as the previous inspection, and the marketability and value remain the same.
- Inspection Report must include new photographs of the subject property and street view, through one of the following:
 - FNMA Form 1004D, or
 - Post Disaster Inspection (PDI) Report, see [Section 1.9.9.4 – Post Disaster Inspection Report](#).
- Any damage must be repaired and re-inspected prior to purchase.

1.9.9.2 APPRAISAL COMPLETED AFTER DISASTER EVENT

- The appraiser must comment on the adverse event and certify that there has been no change in the valuation.
- Any existing damage noted in the original report must be repaired and re-inspected prior to purchase.

1.9.9.3 DISASTER EVENT OCCURS AFTER CLOSING BUT PRIOR TO LOAN PURCHASE

A loan is ineligible for purchase until an inspection is obtained based on the following:

- A Post Disaster Inspection (PDI) Report from a third-party vendor (i.e., Clear Capital, Stewart/Pro Teck) may be used.
- If subject property is free of damage, nothing further is required.
- Any indication of damage reflected in the report will require a re-inspection by the appraiser.

- If a re-inspection is required, the appraiser may utilize FNMA Form 1004D and comment on the event and certify that there has been no change to the value.

1.9.9.4 POST DISASTER INSPECTION REPORT (PDI) REQUIREMENTS

- Inspection must be from a third-party vendor (e.g., Clear Capital, Stewart/Pro Teck)
- Exterior color photos of the subject property and street scene
- Address verification to be included
- Details of the damage, if any, including cost to cure
- Color photos of damage incurred as a result of the disaster
- If repairs are required, re-inspection of the subject property to evidence repairs were completed in a workmanlike manner
- Any indication of damage reflected in the report will require the damage to be remediated prior to purchase.

1.9.10 CONDOMINIUM PROJECTS

1.9.10.1 GENERAL CONDO REQUIREMENTS

A condominium project is one in which individual owners hold title to units in the project along with an undivided interest in the real estate that is designated as the common area for the project. The units in the project must be owned in fee simple and the unit owners must have the sole ownership interest in and rights to the use of, the project's facilities, common elements, and limited common elements.

To qualify as an acceptable condominium unit, the condominium project must be common for the area and demonstrate good marketability.

- All Loan secured by condominium projects require a completed Homeowners Association (HOA) questionnaire.
- See the current Loan/LTV in the related Program Matrix for maximum LTV/CLTVs and loan amounts. Note that if the related Program Matrix indicates the project must be warrantable, see the Warrantable Condo Requirements section.
- Hometown Equity Mortgage's project exposure in condo projects shall be \$5,000,000 or 20% of the total units in the project, whichever is lower.
- A minimum unit square footage is not required; however, units must contain a full-size kitchen and kitchen appliances to be eligible for financing. In addition, similar sized comparable from competing projects must be provided to demonstrate market acceptance for units with < 400 square feet.
- Project has been created and exists in full compliance with applicable local jurisdiction, State, and all other applicable laws and regulations.
- Any Structural or Mechanical Inspections completed within the past three years must be provided.
- Projects must be reviewed for significant deferred maintenance and/or unsafe conditions.
- Must meet all applicable Project Insurance requirements.
- Fidelity Bond is required on new projects as well as any warrantable project requiring a full review. When required, it needs to meet the published requirements.
- Underwriter must confirm that the project documents do not give a unit owner or any other party priority over the rights of the first mortgagee.
- Must not have "ineligible" characteristics, as defined below.

1.9.10.2 PROJECT REVIEW WAIVER

The following projects do not require a project review, however, still require acceptable insurance coverage:

- Detached Condo Units; a unit in a project consisting entirely of detached (site) units; or when the subject unit is detached and the project is a mix of detached and attached units. In this instance, single family dwelling LTV/CLTVs apply.
- Two- to four-unit condominium projects provided the following are met:
 - The project is not a condo hotel, houseboat, timeshare, or segmented ownership project.
 - The priority of common expense assessment applies.
 - The standard condominium insurance requirements apply.

1.9.10.3 WARRANTABLE CONDO REQUIREMENTS

Certain Programs and/or LTVs require that the condo project be FNMA warrantable to be eligible. When a Program indicates the condo must be warrantable or if condo project is eligible for warrantable review, [FNMA Condo Guidelines](#) must be followed to ensure warrantability.

- Investor concentration, waived for limited review. On full review, for investment occupancy transactions investor concentration must be ≤50%, and is waived for primary and secondary occupancy transactions
- Commercial space allowed up to 35% of project.
- Delinquency count of full review: no more than 15% of the total units in the project may be 60 days or more past due on the condominium/HOA fees, including special assessments. Limited review must demonstrate that no more than 15% of units are not delinquent on special assessments only.
- Single entity ownership allowed up to 20% for projects with 21 or more units or a max of 2 units for projects with 5 to 20 units.
- Insurance deductibles to a max of 5%; Flood insurance max deductible must match NFIP max deductible program.
- FL New Projects must be FNMA approved
- Florida Condominiums:
 - For loans secured by a condominium unit in the state of Florida, if the project is over 30 years old (or 25 years if within 3 miles of the coast), a structural inspection is required for projects greater than 5 stories. The inspection needs to address items that substantially conform to the definition of a milestone inspection as defined in Florida statute 553.899.
 - Inspection must confirm there are no conditions severe enough to affect the safety, soundness, structural integrity, or habitability of the improvements
 - Projects with an unacceptable or no inspection are ineligible

The following documentation must be provided to determine warrantability:

- Budgeted Reserves
 - Budget must demonstrate a minimum 10% reserve requirement. Reserve studies may be provided for consideration when the 10% is not satisfied.
- Required Documents
 - Hometown Equity Mortgage Condominium Project Questionnaire
 - Budget, current fiscal year
 - Balance Sheet dated within the past 90 days.

- Master Insurance Policy including property, fidelity/crime, liability and wind, along with HO-6 policy if master is not walls in.
- Flood insurance with replacement cost valuation if the subject is located in a flood zone.

1.9.10.4 NON-WARRANTABLE CONDO REQUIREMENTS

Hometown Equity Mortgage will permit non-warrantable condos with the following attributes:

- Commercial space allowed up to 50% of project.
- No more than 25% of the total units in the project may be 60 days or more past due on the condominium/HOA fees, including special assessments.
- Investor concentration allowed up to 70%. A higher percentage may be considered when the subject transaction is an investment property.
- The project developer may be in control of the condominium association provided the Master Agreement allows for the homeowners to take control upon either a predetermined percentage of unit sales or within a defined time frame.
- Single entity ownership allowed up to 49% of the project; with the exception of Condotel Projects where the Developer of Condotel may own a great percentage of the units for rental income purposes.
- The following may be excluded from the single-entity ownership calculation:
 - Units owned by the project sponsor or developer and are vacant and are being actively marketed for sale; or
 - Units that are controlled or owned by a non-profit entity for the purpose of providing affordable housing, units held in affordable housing programs (including subject to non-eviction rent regulation codes), or units held by higher-education institutions for a workforce housing program.
- Exceptions may be considered for Single Entity that owns 50% or more of the units. For exception consideration, provide the following information:
 - Is the Single Entity the developer? REIT? Private Investor? Sponsor?
 - Is the Single Entity current on all HOA dues payments? If not, provide the delinquency info.
 - Does the Single Entity intend to sell some or all of the single entity owned units? If yes, provide the marketing strategy.
 - Is the subject unit one of the single entity owned units?
 - What is the current occupancy type of the subject unit?
- Subject Units on areas such as golf courses, with pool clubs, or other amenities that are subject to a mandatory membership fee are acceptable. The fees must be included in the borrower's debt to income ratio.
- Projects involved in litigation are acceptable provided the lawsuit(s) are not structural in nature which impact the subject unit and do not affect the marketability of the project units and potential damages do not exceed 25% of HOA reserves or documentation from the insurance carrier or attorney representing the insurance carrier that the insurance carrier has agreed to conduct defense and the HOA insurance policy is sufficient to cover the litigation expense.
- Deductibles above 5% and up to 10% are permitted when the HOA budget is sufficient to cover the deductible.

1.9.10.5 EXPANDED NON-WARRANTABLE CONDO REQUIREMENTS (SUBJECT TO EXCEPTION PRICING)

Hometown Equity Mortgage will permit non-warrantable condos with the following expanded attributes:

- Commercial space allowed up to 60% of project.
- No more than 45% of the total units in the project may be 60 days or more past due on the condominium/HOA fees, including special assessments.
- Investor concentration allowed up to 100%.
 - The project must be in a vacation or high tourist area.
- Single entity ownership allowed up to 55% of the project
- The following may be excluded from the single-entity ownership calculation:
 - Units owned by the project sponsor or developer and are vacant and are being actively marketed for sale; or
 - Units that are controlled or owned by a non-profit entity for the purpose of providing affordable housing, units held in affordable housing programs (including subject to non-eviction rent regulation codes), or units held by higher-education institutions for a workforce housing program.
- Subject Units on areas such as golf courses, with pool clubs, or other amenities that are subject to a mandatory membership fee are acceptable.
 - The fees must be included in the borrower’s debt to income ratio.
- Deductibles above 10% and up to 20% are permitted when the HOA budget is sufficient to cover the deductible.

1.9.10.6 INELIGIBLE PROJECTS

- Condos listed with a status of “unavailable” in Condo Project Manager (CPM), unless the “unavailable” reason is for a characteristic explicitly deemed acceptable as per these guidelines. This requirement does not apply to Condotel Projects.
- A project subject to the rules and regulations of the US Securities and Exchange Commission.
- Leasehold condos
- Timeshare or condo projects with restrictions on owner’s ability to occupy the unit.
- Houseboat project
- Manufactured home projects
- Assisted living facilities or any project where the unit owner’s contract includes a lifetime commitment from the facility to care for the unit owner regardless of future health or housing needs.
- Multi-family units where a single deed conveys ownership of more than one, or all of the units.
 - A common-interest apartment
 - A project in which individuals have an undivided interest in a residential apartment building and land and have the right of exclusive occupancy of a specific apartment unit in the building.
 - The project or building is often owned by several owners as tenants-in-common or by a homeowners’ association.
- Fragmented or segmented ownership
 - Ownership is limited to a specific period on a recurring basis (i.e., timeshare, quarter share).
- Any project where the developer (or its affiliates) owns the Common and/or Limited Elements and leases the elements back to the HOA.

- Any project that has non-conforming zoning (can't be rebuilt to current density).
- Any project that requires Private Transfer Fees as a part of the transaction, and those fees do not benefit the association.
- Any project in need of Critical Repairs
- Any project currently under an evacuation order due to unsafe conditions
- Any project with unfunded repairs totaling more than \$10,000 per unit.

In addition, the following applies to projects of five or more units:

- Projects with significant deferred maintenance are not eligible, such as:
 - Projects with a full or partial evacuation of the building to complete repairs for more than 7 days or an unknown period of time;
 - Projects with deficiencies, defects or substantial damage, or deferred maintenance that
 - Is severe enough to affect the safety, soundness, structural integrity or habitability of the improvements;
 - The improvements need substantial repairs and rehabilitation, including major components; or
- Impedes the safe and sound functioning of one or more of the building's major structural or mechanical elements, including but not limited to the foundation, roof, load bearing structures, electrical systems, HVAC or plumbing.
- Projects that have failed to obtain an acceptable certificate of occupancy or pass local regulatory inspections or re-inspections.
- Special assessments, even if paid in full for the subject unit, must be reviewed to determine acceptability and the following must be documented:
 - The reason for the special assessment;
 - The total amount assessed and repayment terms;
 - Documentation to support no negative impact to the financial stability, viability, condition, and marketability of the project;
 - The association has sufficient funds for any repairs; and
 - Borrower must qualify with the outstanding special assessment payment.
 - Note that if unable to determine no negative impact and/or that the assessments deem the project to be unsafe or unsound, the project is ineligible.
- When any of these issues are identified, for project consideration, a full review (warrantable) must be obtained and all [required documents](#) listed under the Warrantable Condo section of the guide must be obtained.

1.9.10.7 PROJECTS IN NEED OF CRITICAL REPAIRS

Loans secured by units in condo project with significant deferred maintenance or in projects that have received a directive from a regulatory authority or inspection agency to make repairs due to unsafe conditions are not eligible.

These projects are ineligible until the required repairs have been made and documented. Acceptable documentation may include a satisfactory engineering or inspection report, certificate of occupancy, or other substantially similar documentation that shows the repairs have been completed in a manner that resolves the building's safety, soundness, structural integrity, or habitability concerns.

Significant deferred maintenance includes deficiencies that meet one or more of the following criteria:

- Full or partial evacuation of the building to complete repairs is required for more than seven days or an unknown period of time.
- The project has deficiencies, defects, substantial damage, or deferred maintenance that:
 - Is severe enough to affect the safety, soundness, structural integrity, or habitability of the improvements.
 - The improvements need substantial repairs and rehabilitation, including many major components; or
 - Impedes the safe and sound functioning of one or more of the building's major structural or mechanical elements, including but not limited to the foundation, roof, load bearing structures, electrical system, HVAC, or plumbing.

Additionally, projects that have failed to obtain an acceptable certificate of occupancy or pass local regulatory inspections or recertifications are not eligible.

These policies do not apply to routine maintenance or repairs that a homeowners' association (HOA) undertakes to maintain or preserve the integrity and condition of its property.

Also, if damage or deferred maintenance is isolated to one or a few units and does not affect the overall safety, soundness, structural integrity, or habitability of the improvements then these project eligibility requirements do not apply. Examples of this scenario include water damage to a unit due to a leaky pipe that is isolated or damage from a small fire impacting the interior of a specific unit. However, if the subject property unit is affected, our standard requirements for property condition apply.

1.9.10.8 SPECIAL ASSESSMENTS

Any current or planned special assessment, even if paid in full for the subject unit, must be reviewed to determine acceptability.

The loan file must be documented with the following:

- the reason for the special assessment.
- the total amount assessed and repayment terms.
- documentation to support no negative impact to the financial stability, viability, condition, and marketability of the project; and
- borrower qualification with any outstanding special assessment payment.

The financial documents of the HOA are required for review to confirm the association has the ability to fund any repairs.

If the special assessment is related to safety, soundness, structural integrity, or habitability, all related repairs must be fully completed, or the project is not eligible. Additionally, if the client or appraiser is unable to determine that there is no adverse impact, the project is ineligible.

1.9.10.9 INSPECTION REPORTS

If a structural and/or mechanical inspection was completed within 3 years of the project review, a copy of the report must be provided. The report cannot indicate any critical repairs are needed, no evacuation orders are in effect, and no regulatory actions are required.

If the inspection report indicates ongoing repairs, a letter from the engineer indicating the project is safe for occupancy while the repairs are going on should be provided when it is not evident through the inspection that the repairs are not critical in nature.

If the inspection report indicates there are unaddressed critical repairs, the project is ineligible until the required repairs have been completed and documented accordingly. A review of the engineer's report or substantially similar document to determine if the repairs completed have resolved the safety, soundness, structural integrity, or habitability concerns of the project is required.

1.9.10.10 ESTABLISHED PROJECTS

Established projects are determined based on a review of sold and conveyed units as follows:

- 90% of the total units in the project must be sold and conveyed to the unit owners.
- If less than 90% of the units are sold and conveyed, but the deficit is the result of the developer holding back units, the project may be considered established if:
 - The developers share of the units held back for rental is no more than 20% of the project's total units;
 - HOA fees are paid current in developer held units; and
 - There are no active or pending special assessments in the project.

The following are required in both instances:

- Non-warrantable projects, 30% of the total units in the project must be owner occupied.
- All phases are complete.
- HOA must be conveyed to the unit owners – no developer or builder-controlled projects allowed.
- All comparable sales may be from within the subject's project if the project is established and consists of 100 or more units. Recent sales of model match units, if available, must be utilized in the appraisal report.

1.9.10.11 NEW PROJECTS

- 40% of the total units in the project or subject's phase must be sold and conveyed or be under contract for sale to the unit owners AND at least 40% of the units must be owner occupied or second homes.
- Project or subject's legal phase along with other development phases must:
 - Have a Certificate of Occupancy or other similar document issued by the applicable governmental agency for the project or subject phase; AND
 - All units and buildings in the legal phase in which the subject property is located are complete, subject to the installation of buyer select items, such as appliances.
- All common elements in the project or legal phase must be 100% complete or provide documentation to ensure acceptable completion assurances arrangements that guarantee the future completion of all project

facilities, common elements, and limited common elements. Evidence of assurance arrangements may include:

- An attorney opinion letter, or
- A current balance sheet along with details on the remaining work to be done to render all amenities/facilities complete and the estimated cost to complete, or
- Evidence escrow funds deposited for recreational amenities.
- Project may be subject to additional phasing.

1.9.10.12 CONDOMINIUM CONVERSIONS

- A condominium conversion is the conversion of an existing building to a condominium project. Project conversions legally created in the past year must meet new condo presale requirements.

1.9.10.13 SITE CONDOMINIUMS

- Projects consisting of single-family detached dwellings (also known as site condominiums) are acceptable provided the appraisal supports market acceptance of site condominiums in the subject's market area. A Condominium Project Questionnaire is not required.
- Appraisals for site condos may be documented on FNMA Form 1073 or 1004. When documented on the 1004, the appraiser should include an adequate description of the project, information about the homeowners' association fees, and note the quality of the project maintenance.
- Standard Condominium insurance requirements apply when detached unit is covered by a master insurance policy.

1.9.10.14 CONDOMINIUM HOTELS

- Condominium Hotel – (a.k.a. Condo Hotel, Condotel)
 - Projects where the units are individually owned, and the project offers hotel amenities.
 - Hotel amenities may include on-site registration, housekeeping services, and other hospitality services
 - A project that offers rentals of units on a daily, weekly, or monthly basis.
 - Occupancy Type: Primary, Second Home, or Investment.
 - Maximum LTV/CLTV (may vary by product – see Loan/LTV matrix)
 - Maximum Loan Amount:
 - Non-QHEM: \$2.5 million
 - theNONI: \$1.5 million
 - Investor concentration, within the subject project, may exceed established project criteria, up to 100%.
 - Gross rents (for all income doc types) reduced by 20% to reflect extraordinary costs (i.e., advertising, furnishings, cleaning) associated with operating short-term rental property compared to non-short-term property.
 - Minimum square footage: 500
 - Fully functioning kitchen – appliances to include a refrigerator and cooktop/stove/oven
 - Separate bedroom required
 - Florida Condominiums:
 - For loans secured by a condominium unit in the state of Florida, if the project is over 30 years old (or 25 years if within 3 miles of the coast), a structural inspection is required for projects greater

than 5 stories. The inspection needs to address items that substantially conform to the definition of a milestone inspection as defined in Florida statute 553.899.

- Inspection must confirm there are no conditions severe enough to affect the safety, soundness, structural integrity, or habitability of the improvements
- Projects with an unacceptable or no inspection are ineligible

1.9.10.15 CONDOMINIUM INSURANCE REQUIREMENTS

Project to meet all Fannie Mae[®] insurance requirements for property, liability, and fidelity coverage.

1.9.10.15.1 MASTER INSURANCE

Master property insurance policies are required for the common elements and residential structures unless the condo project requires individual property insurance policies for each unit. In that case, the individual property insurance policy must meet the requirements in [Section 1.10.1 - Hazard Insurance Requirements](#).

Master insurance policy must provide for claims to be settled on a replacement cost basis. Property insurance policies that provide for claims to be settled on an actual cash value basis are not acceptable. Policies that limit, depreciate, reduce, or otherwise settle losses at anything other than a replacement cost basis are also unacceptable.

Master liability of at least \$1,000,000 is required per occurrence. Maximum deductible is 5%.

Master insurance policy must include the project name and project address for the location of the condo project. Borrower name, unit number, and mortgagee clause are not required to be included in master insurance policy.

1.9.10.15.2 FIDELITY OR EMPLOYEE DISHONESTY INSURANCE

For condominium projects consisting of more than 20 units, fidelity insurance coverage equaling at least the sum of three months of assessments on all units in the project is required.

1.9.10.15.3 HO-6

Borrowers must carry H06 coverage for replacement of such items as flooring, wall covering, cabinets, fixtures, built-ins, and any improvements made to the unit.

If the master or blanket policy does not provide interior unit coverage (replacement of improvements and betterment coverage to cover any improvements that the borrower may have made) the borrower must obtain an

HO-6 Policy or “walls-in” coverage. The HO-6 insurance policy must provide coverage in an amount as established by the HO-6 insurer.

1.9.10.15.4 DEDUCTIBLE

The maximum deductible amount must be no greater than 5% of the face amount of the policy.

1.9.10.15.5 FLOOD INSURANCE

- The condominium homeowners’ owners must obtain an NFIP Residential Condominium Building Association Policy (RCBAP) with the following coverage:
 - Building Coverage must equal the lesser of:
 - 100% of the insurable value (replacement cost) of the building, including amounts to repair or replace the foundation and its supporting structure); or
 - The total number of units in the condominium building times \$250,000

- Contents Coverage must equal the lesser of:
 - 100% of the insurable value of all contents (including machinery and equipment that are not part of the building) that are owned in common by the association members; or
 - The maximum amount of contents coverage sold by the NFIP for a condominium building.

1.10 PROPERTY INSURANCE

A Property (Hazard) insurance policy is required for all loans.

1.10.1 HAZARD INSURANCE REQUIREMENTS

Property insurance for loans must protect against loss or damage from fire and other hazards covered by the standard extended coverage endorsement. The coverage must provide for claims to be settled on a replacement cost basis. Property insurance policies that provide for claims to be settled on an actual cash value basis are not acceptable. Policies that limit, depreciate, reduce, or otherwise settle losses at anything other than replacement cost basis are also unacceptable.

Extended coverage must include, at a minimum: wind, civil commotion (including riots), smoke, hail, and damage caused by aircraft, vehicle, or explosion.

Policies that limit or exclude from coverage (in whole or in part) windstorm, hurricane, hail damage, or any other perils that normally are included under an extended coverage endorsement are not acceptable. Borrowers may not obtain property insurance policies that include such limitations or exclusions unless they are able to obtain a separate policy or endorsement from another commercial insurer that provides adequate coverage for the limited or excluded peril, or from an insurance pool that the state has established to cover the limitations or exclusions.

The hazard insurance coverage should be equal to the lesser of:

- Replacement Cost Estimator
- Provided from the property insurer, or
- Provided from a 3rd party source (i.e., CoreLogic)
- Estimated cost to replace the dwelling from a recent appraisal, if provided
- The unpaid principal balance of the mortgage(s)

The maximum deductible amount must be no greater than 5% of the face amount of the policy. For condominiums, see [Section 2.10.10.5 – Condominium Insurance Requirements](#).

1.10.2 FLOOD INSURANCE

The Underwriter must ensure that the property securing the mortgage loan is adequately protected by flood insurance when required. Flood insurance coverage is required when a mortgage loan is secured by a property located in:

- A Special Flood Hazard Area (SFHA), or
- A Coastal Barrier Resources System (CBRS) or Otherwise Protected Area (OPA). See below for additional information.

The Underwriter must determine whether or not the property is located in an SFHA by using the Standard Flood Hazard Determination form endorsed by FEMA. All flood zones beginning with the letter “A” or “V” are considered SFHAs.

The following table describes how to evaluate a property to determine if flood insurance is required. For the purpose of these requirements, the “principal structure” is the primary residential structure on the property securing the mortgage loan.

IF...	THEN FLOOD INSURANCE IS...
any part of the principal structure is located in an SFHA,	required.
the principal structure is not located in an SFHA, but a residential detached structure attached to the land that serves as part of the security for the mortgage loan is located within the SFHA	required for the residential detached structure.
the principal structure is not located in an SFHA, but a non-residential detached structure attached to the land that serves as part of the security for the mortgage loan is located within the SFHA	not required on either structure.
the principal structure is not located in an SFHA, but a detached structure attached to the land that does not serve as part of the security for the mortgage loan is located within the SFHA	not required on either structure.

The minimum amount of flood insurance required for first-lien mortgages is the lowest of:

- 100% of the replacement cost of the insurable value of the improvements,
- The maximum insurance available through the NFIP, or
- The unpaid principal balance (UPB) of the loan (or loan amount at the time of origination).

Minimum coverage must be equal to the dwelling coverage for hazard insurance, subject to the following:

- **1-4 Unit Properties:** If dwelling coverage for hazard insurance is greater than \$250,000 then flood coverage must be \$250,000 as this is the maximum allowed per FEMA.

1.10.3.1 ACCEPTABLE FLOOD INSURANCE POLICIES

The flood insurance policy must be one of the following:

- A standard policy issued under the NFIP; or
- A policy issued by a private insurer as long as the terms and amount of coverage are at least equal to that provided under an NFIP policy based on a review of the full policy issued by a private insurer.

1.10.3.2 FLOOD INSURANCE ESCROW REQUIREMENTS

- Escrow accounts for flood insurance premiums are required for all loans secured by residential improved real estate.

1.11 TITLE POLICY REQUIREMENTS

The title insurer and final title policy must conform to Fannie Mae® requirements as published in the most recent Fannie Mae Selling Guide. Access to the Fannie Mae Selling Guide is available at [Title Insurance | Fannie Mae](#).

Each loan purchased by Hometown Equity Mortgage (HEM) Mortgage Capital must include a preliminary title report or a final policy if available at the time of purchase. If the file contains a preliminary title report, it must indicate a final policy will be issued upon payment of the premium.

By delivering a preliminary title report to Hometown Equity Mortgage (HEM), the Broker represents and warrants that the loan will be covered by the required final policy as of the Note date.

1.11.1 TERMS OF COVERAGE

The title insurance policy must ensure the title is acceptable and that the mortgage represents a first lien on a fee simple estate in the property. The title policy must also list all other liens and reflect they are subordinate. The title insurance policy must be updated with Its Successors and/or Assigns ISAOA language. When the borrower is an Entity, the title insurance policy must provide protection regarding whether the signatories had the authority to validly execute the mortgage document. The policy should be written on one of the following forms:

- The 2021 American Land Title Association (ALTA) standard form.
- An ALTA short form if it provides coverage equivalent to the 2021 ALTA standard form.
- In states in which standard ALTA forms of coverage are, by law or regulation, not used, the state- promulgated standard or short form which provides the same coverage as the equivalent ALTA form.

1.11.2 EFFECTIVE DATE OF COVERAGE

The effective date of the title insurance coverage written on forms that do not provide the gap coverage included in the 2021 ALTA policies may be no earlier than the later of the date of the final disbursement of loan proceeds or the date the mortgage was recorded.

Because the 2021 ALTA forms provide protection for the time between loan closing and recordation of the mortgage, policies written on those forms may be effective as of loan closing.

1.11.3 AMOUNT OF COVERAGE

The amount of title insurance coverage must at least equal the original principal amount of the mortgage.

1.11.4 CHAIN OF TITLE

All files must contain a 24-month title history. Transfer date, price, and buyer and Seller names should be provided for any transfers that occurred within the past 24-months.

1.11.5 CONDOMINIUM OR PLANNED UNIT DEVELOPMENTS (PUD)

The title insurance policy for a condominium or PUD unit mortgage must describe all components of the unit estate.

For condominium unit mortgages, an ALTA 4-06 or 4.1-06 endorsement or its equivalent is required. For PUD unit mortgages, an ALTA 5-06 or 5.1-06 endorsement or its equivalent is required. These endorsements must be attached to each policy or incorporated into the text of the policy.

If the unit owners own the common areas of the project as tenants in common, the policy for each unit's mortgage must reflect that ownership.

If the homeowners' association (HOA) owns the common elements, areas, or facilities of the project separately, the title insurance on those areas must insure that ownership.

This title policy must show that title to the common elements, areas, or facilities is free and clear of any objectionable liens and encumbrances, including any statutory or mechanic's liens for labor or materials related to improvements on the common areas that began before the title policy was issued.

The title policy must insure:

- That the mortgage is superior to any lien for unpaid common expense assessments. (In jurisdictions that give these assessments a limited priority over a first mortgage lien, the policy must provide assurance that those assessments have been paid through the effective date of the policy.)
- Against any impairment or loss of title of the first lien caused by any past, present, or future violations of any covenants, conditions, or restrictions of the master deed for the project. (It must specifically insure against any loss that results from a violation that existed as of the date of the policy.)
- That the unit does not encroach on another unit or on any of the common elements, areas, or facilities. (The policy also must insure that there is no encroachment on the unit by another unit or by any of the common elements, areas, or facilities.)
- That the mortgage loan is secured by a unit in a condominium project that has been created in compliance with the applicable enabling statutes.
- That real estate taxes are assessable and constitute a lien only against the individual condominium unit and its undivided interest in the common elements, rather than against the project as a whole.
- That the owner of a PUD unit is a member of the homeowners' association, and that the membership is transferable if the unit is sold.

1.11.6 TITLE EXCEPTIONS

Hometown Equity Mortgage (HEM) will not close a mortgage loan secured by property that has an unacceptable title impediment, particularly unpaid real estate taxes and survey exceptions.

If surveys are not commonly required in particular jurisdictions, Title must provide an ALTA 9 Endorsement. If it is not customary in a particular area to supply either the survey or an endorsement, the title policy must not have a survey exception.

1.11.7 MINOR IMPEDIMENTS TO TITLE

Title for a property that secures a conventional mortgage is acceptable even though it may be subject to the following conditions, which Hometown Equity Mortgage (HEM) considers minor impediments:

- Customary public utility subsurface easements that were in place and completely covered when the mortgage was originated, as long as they do not extend under any buildings or other improvements.
- Above-surface public utility easements that extend along one or more of the property lines for distribution purposes or along the rear property line for drainage purposes, as long as they do not extend more than 12 feet from the property lines and do not interfere with any of the buildings or improvements or with the use of the property itself.

1.12 SOLAR PANELS

1.12.1 PROPERTIES WITH SOLAR PANELS

The ownership and debt financing structures commonly found with solar panels are key to determining whether the panels are third-party owned, personal property of the homeowner, or a fixture to the real estate. Common ownership or financing structures include:

- borrower-owned panels,
- leasing agreements,
- separately financed solar panels (where the panels serve as collateral for debt distinct from any existing mortgage); or
- power purchase agreements

Property with solar panels are eligible for purchase. If the borrower is, or will be, the owner of the solar panels (meaning the panels were a cash purchase, were included in the home purchase price, were otherwise financed and repaid in full, or are secured by the existing first mortgage), our standard requirements apply (for example, appraisal, insurance, and title).

Underwriters are responsible for determining the ownership and any financing structure of the subject property's solar panels in order to properly underwrite the loan and maintain first lien position of the mortgage. When financing is involved, Underwriters may be able to make this determination by evaluating the borrower's credit report for solar-related debt and by asking the borrower for a copy of all related documentation for the loan. The Underwriters must also review the title report to determine if the related debt is reflected in the land records associated with the subject property. If insufficient documentation is available and the ownership status of the panels is unclear, no value for the panels may be attributed to the property value on the appraisal unless the Underwriter obtains a UCC "personal property" search that confirms the solar panels are not claimed as collateral by any non-mortgage lender.

A Uniform Commercial Code (UCC) financing statement that covers personal property and is not intended as a "fixture filing" must be filed in the office identified in the relevant state's adopted version of the UCC.

Underwriters are responsible for ensuring the appraiser has accurate information about the ownership structure of the solar panels and that the appraisal appropriately addresses any impact to the property's value. Separately financed solar panels must not contribute to the value of the property unless the related documents indicate the panels cannot be repossessed in the event of default on the associated financing. Any contributory value for owned or financed solar panels must be noted in the Improvements Section of the Appraisal Report.

1.12.2 REQUIREMENTS FOR PROPERTIES WITH SOLAR PANELS THAT ARE OWNED

Solar panels purchased through financing may or may not include the real estate as collateral.

1.12.2.1 FINANCED AND COLLATERALIZED (UCC ON TITLE)

The solar panels are collateral for the separate debt used to purchase the panels, but they are a fixture to the real estate because a UCC fixture filing* has been filed for the panels in the real estate records (on title report).

Note: A Notice of Independent Solar Energy Producer Contract on title is not to be treated as a UCC fixture filing*.

- Obtain and review the credit report, title report, appraisal, and/or UCC fixture filing*, related promissory note and related security agreement that reflect the terms of the secured loan

- Include the debt obligation in the debt-to-income ratio
- Provided that the panels cannot be repossessed for default on the financing terms, instruct the appraiser to consider the solar panels in the value of the property (based on standard appraisal requirements)
- Include the solar panels financing balance in the LTV/CLTV ratio calculation (if unable to obtain, utilize original balance). The UCC fixture filing* must be subordinated with one of the following.
 - Subordination Agreement
 - UCC Termination
 - Debt obligation is to be included in debt-to-income ratio and LTV/CLTV unless proof is provided verifying the debt has been paid down to zero (UCC termination does not automatically verify the debt is paid off).
- CLTA Endorsement 150-06 is not eligible to be used in lieu of a Subordination agreement or UCC Termination.

*A fixture filing is a UCC-1 financing statement authorized and made in accordance with the UCC adopted in the state in which the related real property is located. It covers property that is, or will be, affixed to improvements to such real property. It contains both a description of the collateral that is, or is to be, affixed to that such property, and a description of such real property. It is filed in the same office that mortgages are recorded under the law of the state in which the real property is located. Filing in the land records provides notice to third parties, including title insurance companies, of the existence and perfection of a security interest in the fixture. If properly filed, the security interest in the described fixture has priority over the lien of a subsequently recorded mortgage.

1.12.2.2 FINANCED AND COLLATERALIZED (UCC NOT ON TITLE)

The solar panels are reported to be collateral for separate (non-mortgage) debt used to purchase the panels, but do not appear on the title report.

Note: A Notice of Independent Solar Energy Producer Contract on title is not to be treated as a UCC fixture filing.

- Obtain and review the credit report, title report, appraisal, related promissory note and related security agreement that reflect the terms of the secured loan
 - Include the debt obligation in the debt-to-income ratio
- Instruct the appraiser not to provide contributory value of the solar panels towards the appraised value because the panels are collateral for another debt
- Do not include the panels in the LTV/CLTV ratio calculation
- If a previously filed UCC was temporarily removed from title through a UCC termination, evidence must be provided that the UCC was paid in full otherwise the financed balance must be included in LTV/CLTV

1.12.2.3 PACE (PROPERTY ASSESSED CLEAN ENERGY)

PACE allows homeowners to finance energy improvements through an assessment in their annual property tax bills.

- Properties with solar panels and other energy efficient items financed with a PACE loan are not eligible if the PACE loan is not paid in full prior to or at closing.
 - PACE loans, in some cases, are also referred to as HERO loans.
 - Any property tax statement that reflects PACE, HERO, or equivalent will require proof of payoff.
 - If loan proceeds are used to pay off the PACE loan, transaction will be considered cash out.

1.12.3 REQUIREMENTS FOR PROPERTIES WITH SOLAR PANELS THAT ARE LEASED OR COVERED BY A POWER PURCHASE AGREEMENT

If the solar panels are leased from or owned by a third party under a power purchase agreement or other similar lease arrangement, the following requirements apply (whether to the original agreement or as subsequently amended).

- Underwriters must obtain and review copies of the lease or power purchase agreement.
- The monthly lease payment must be included in the DTI ratio calculation unless the lease is structured to:
 - Provide delivery of a specific amount of energy at a fixed payment during a given period, and
 - Have a production guarantee that compensates the borrower on a prorated basis in the event the solar panels fail to meet the energy output required for in the lease for that period.
- Payments under power purchase agreements where the payment is calculated solely based on the energy produced may be excluded from the DTI ratio.
- The value of the solar panels cannot be included in the appraised value of the property.
- The value of the solar panels must not be included in the LTV/CLTV ratio calculation, even if a precautionary UCC filing is recorded because the documented lease or power purchase agreement status takes priority.
 - A “precautionary” UCC filing is one that lessors often file to put third parties on notice of their claimed ownership interest in the property described in it.
 - When the only property described in the UCC filing as collateral is the solar equipment covered by the lease or power purchase agreement, and not the home or underlying land, such a precautionary UCC filing is acceptable (and a minor impediment to title), as long as the loan is underwritten in accordance with this topic.
- The value of the solar panels must not be included in other debt secured by real estate in the CLTV ratio calculation because the documented lease or power purchase agreement status takes priority.
- The property must maintain access to an alternate source of electric power that meets community standards.
- The lease or power purchase agreement must indicate that:
 - Any damage that occurs as a result of installation, malfunction, manufacturing defect, or the removal of the solar panels is the responsibility of the owner of the equipment and the owner must be obligated to repair the damage and return the improvements to their original or prior condition (for example, sound and watertight conditions that are architecturally consistent with the home);
 - The owner of the solar panels agrees not to be named loss payee (or named insured) on the property owner’s property insurance policy covering the residential structure on which the panels are attached. As an alternative to this requirement, the underwriter may verify that the owner of the solar panels is not a named loss payee (or named insured) on the property owner’s property insurance policy; and
 - In the event of foreclosure, the HEM or assignee has the discretion to:
 - Terminate the lease/agreement and require the third-party owner to remove the equipment;
 - Become, without payment of any transfer or similar fee, the beneficiary of the borrower’s lease/agreement with the third party; or
 - Enter into a new lease/agreement with the third party, under terms no less favorable than the prior owner.
